Q.1 Identify the Important strategy-formulation techniques in stage-3 (Decision stage) in a comprehensive strategy formulation framework.

A. SPACE Matrix

B. TWOS Matrix

C. QSPM

D. BCG Matrix

Q.2 Tesco is opening fewer stores in Britain to divert capital expenditures to China. Tesco is pursuing which one of the following type strategies?

A. Forward integration

B. Market penetration

C. Product development

D. Market development

Q.3 The strategy embraced by Ahmad Bros. is to address the needs of a very selected and specialized market segment. That is most likely to engage in which one of the following types of strategy?

A. Low cost strategy

B. Generic strategy

C. Focus strategy

D. Differentiation strategy

Q.4 Which stage of the strategy-formulation framework consists of the Quantitative Strategic Planning Matrix?

A. Decision stage

B. Matching stage

C. Formulation framework

D. All of the given options

Q.5 In BCG matrix, identify the right quadrant for "Stars".

A. Quadrant IV

B. Quadrant III

C. Quadrant I

D. Quadrant II

Q.6 Focus strategy is also called:

A. None of the given options

B. Cost Leadership Strategy

C. Niche Strategy

D. Magnifying Strategy

Q.7 A joining of two companies through one company buying more than one half of the other company's stocks is known as:

A. Monopolization

B. A spin-off

C. A merger

D. An acquisition

Q.8 SPACE matrix contains four-quadrant named aggressive, conservative, defensive, or competitive strategies. The axes of SPACE matrix represent which of the following two internal dimensions?

A. CA & IS

B. FS & CA

C. FS & ES

D. ES & IS

Q.9 The SMART goal criteria 'Relevant' suggests which one of the following?

A. Are you able to assess your progress?

B. Do you know exactly what you want to accomplish?

C. What is the deadline for completing your goal?

D. Is your goal relevant towards your purpose in life?

Q.10 According to the Grand Strategy Matrix, which strategy is recommended for a firm with rapid market growth and a strong competitive position?

A. Retrenchment

B. Conglomerate diversification

C. Market penetration

D. Joint venture

Q.1 Strategies that are designed to appeal customers with a special sensitivity for a particular product attribute are dependent on which of the following?

A. Focus strategy

B. Differentiation strategy

C. Low cost strategy

D. Niche strategy

Q.2 Which of the following has become a popular strategy for firms who want to reduce their level of diversification and focus on core strengths?

A. Acquisition

B. Liquidation

C. Divestiture

D. Joint venture

Q.3 A firm that is involved in two or more distinct businesses is known as:

A. A ventured company

B. A diversified company

C. A restructured company

D. A multinational corporation

Q.4 Business units that have low market share and are operating in slow-growing industry should choose all of the following EXCEPT:

A. Product innovation

B. Distribution efficiency

C. Production efficiency

D. New investments

Q.5 "Sets of strategies can be examined sequentially or simultaneously" is one of the positive features of which one of the following matrix?

A. QSPM

B. SPACE Matrix

C. BCG

D. GS Matrix

Q.6 Which one of the following is not considered as a Michael Porter generic strategy?

A. Integration

B. Focus

C. Cost leadership

D. Differentiation

Q.7 Which one of the following is a reason for NOT choosing relative market share in BCG matrix than profits?

A. It carries less information than just cash flow

B. It can also show what type of marketing activities

C. It indicates where it might be likely to go in the future

D. It shows where the brand is positioned against competitors

---

Q.8 On the x-axis of the IE Matrix, an IFE total weighted score of a firm is 1.5 represents that firm has:

A. A weak external position

B. A strong external position

C. A strong internal position

D. A weak internal position

Q.9 On the x-axis of the IE Matrix, an IFE total weighted score of a firm is 3.5 represents that firm has:

A. A strong internal position

B. A weak internal position

C. A strong external position

D. A weak external position

Q.10 All of the following are the indicators of industry strength for an organization EXCEPT:

A. Financial stability

B. Ease of entry into the market

C. Control over suppliers

D. Geographic and product freedom

Q.1 The IE Matrix consists of how many cells?

A. Seven

B. Nine

C. Eight

D. Ten

Q.2 Which strategy seeks to increase market share of present products or services in present markets through greater marketing efforts?

A. Product development

B. Market development

C. Backward integration

D. Market penetration

Q.3 Firms located in which quadrant of the Grand Strategy Matrix are in an excellent strategic position?

A. III

B. II

C. IV

D. I

Q.4 Retrenchment, divestiture, or liquidation are categorized under which strategy?

A. None of the given options

B. Growth strategy

C. Defensive strategy

D. Integration strategy

Q.5 Identify the effective strategy when a firm competes in a no-growth or a slow-growth industry.

A. Unrelated diversification

B. Retrenchment

C. Horizontal diversification

D. Related diversification

Q.6 SPACE matrix contains four-quadrant named aggressive, conservative, defensive, or competitive strategies. The axes of SPACE matrix represent which of the following two external dimensions?

A. CA & IS

B. ES & IS

C. FS & CA

D. FS & ES

Q.7 Stage-2 (Matching stage) in a comprehensive strategy formulation framework includes all of the following matrix EXCEPT:

A. IFE

B. BCG Matrix

C. GS Matrix

D. IE Matrix

Q.8 Quadrant II in grand strategy matrix (comprehensive strategy formulation framework) contains the following set of strategies EXCEPT:

A. Market development

B. Product development

C. Backward integration

D. Market penetration

Q.9 On the x-axis of IE Matrix, an IFE total weighted score of 1.50 depicts what?

A. A weak internal position

B. A strong internal position

C. An average internal position

D. A low internal position

Q.10 In which one of the following businesses, a firm's cash needs are high while cash generation is low in BCG matrix portfolio?

A. Stars

B. Dogs

C. Cash cows

D. Question marks

Q.1 In BCG matrix, identify the right quadrant for "Cash Cows".

A. Quadrant I

B. Quadrant II

C. Quadrant III

D. Quadrant IV

Q.2 Which of the following has become a popular strategy for firms who want to reduce their level of diversification and focus on core strengths?

A. Divestiture

B. Acquisition

C. Liquidation

D. Joint venture

Q.3 BCG matrix is used in matching stage of strategy formulation framework. It plots the business units along which of the following dimensions?

A. Market growth rate and environment stability

B. Market share and industry strength

C. Market growth rate and competitive position

D. Market share and market growth rate

Q.4 Cost leadership, differentiation, and focus are generic strategies of?

A. None of the given options

B. Stephens P Robins

C. Peter Drucker

D. Michael Porter

Q.5 A strategy that seeks increased sales by improving or modifying present products or services is known as?

A. Market penetration

B. Product development

C. Market development

D. None of the given options

Q.6 Which strategy should an organization use if it competes in a no-growth or a slow-growth industry?

A. Retrenchment

B. Backward integration

C. Related diversification

D. Unrelated diversification

Q.7 Firm located in aggressive quadrant of a SPACE matrix is recommended to practice any of the following strategies EXCEPT:

A. Forward integration

B. Concentric diversification

C. Market penetration

D. Liquidation

Q.8 All of the following are the types of cooperative arrangements EXCEPT:

A. Diversification

B. Joint-bidding consortia

C. Cross-licensing agreements

D. R&D partnerships

Q.9 The concentration of firms to select few target markets is known as?

A. None of the given options

B. Focus strategy

C. Differentiation stratgey

D. Cost leadership strategy

Q.10 SPACE matrix contains four-quadrant named aggressive, conservative, defensive, or competitive strategies. The axes of SPACE matrix represent which of the following two external dimensions?

A. FS & ES

B. ES & IS

C. CA & IS

D. FS & CA

Q.1 The IE Matrix consists of how many cells?

A. Nine
B. Eight
C. Ten
D. Seven

Q.2 Which of the following are two negative-rated dimensions on SPACE Matrix?

A. CA and ES
B. IS and ES
C. FS and IS
D. FS and CA

Q.3 All of the following would be considered as opportunities for a business, EXCEPT:

A. Loosening of regulations
B. Removal of international trade barriers
C. Emergence of substitute products
D. Emergence of unfulfilled customer need

Q.4 Which of the following is NOT an advantage of a functional structure?

A. Centralized decision making and accountability
B. Increased capacity for specialization
C. Excellent Communication and coordination
D. Quick access to technical expertise

Q.5 Just in Time (JIT) system can be defined as:

A. Delivering materials just as they are needed
B. A process for improving quality of products
C. A scheduling method for meetings
D. Implementing strategies just before bankruptcy

Q.6 Which one of the following strategy best describes "the organization focuses its effort on one particular segment and becomes well known for providing products/services within the segment"?

A. Growth strategies
B. Integration strategies
C. None of the given options
D. Niche strategies

Q.7 What strategies are appropriate for the divisions that fall in grow and build region of IE matrix?

A. Diversification and intensive strategies

B. Intensive and integrative strategies

C. Defensive and integrative strategies

D. Defensive and diversification strategies

Q.8 Quadrant II in grand strategy matrix (comprehensive strategy formulation framework) contains the following set of strategies EXCEPT:

A. Product development

B. Market development

C. Concentric diversification

D. Market penetration

Q.9 Benefits sought, usage rate, brand loyalty and user status are often considered under which one of the following bases of segmentation in consumer markets?

A. Geographic

B. Psychographic

C. Demographic

D. Behavioralistic

Q.10 A firm's division with a high relative market share position in a low-growth industry can be referred to which of the following category?

A. Dog

B. Question mark

C. Cash cow

D. Star

Q.1 The SPACE matrix of XYZ company shows that the coordinates of its directional vector are (-5, -5). What strategy would you recommend for the ABC Company?

A. Concentric diversification

B. Market development

C. Joint venture

D. Backward integration

Q.2 All of the following situations are conducive to market development EXCEPT:

A. When an organization has excess production capacity

B. When new channels of distribution are expensive

C. When an organization's basic industry is becoming rapidly global

D. When new untapped or unsaturated markets exist

Q.3 AOL Europe is an example of?

A. Liquidation

B. Joint venture

C. Retrenchement

D. Divestiture

Q.4 Which one of the following is NOT a major region of IE matrix?

A. Grow and build

B. Hold and maintain

C. Harvest or divest

D. Grow and maintain

Q.5 Generic Strategies were proposed by:

A. Kevin Carter

B. Michael Porter

C. Michael Flintstone

D. Abraham Maslow

Q.6 A chance for advancement, progress or profit prevailing in external environment of a company is known as:

A. Weakness

B. Threat

C. Strength

D. Opportunity

Q.7 Which of the following strategy generally entails large research and development expenditures?

A. Market penetration

B. Forward integration

C. Product development

D. Retrenchment

Q.8 Which of the following statement is NOT correct about Just in Time?

A. New stock is ordered when stock reaches the re-order level

B. Re-order level is determined by existing demand

C. It is driven by a series of signals, or Kanban

D. It reduces the in-process inventory

Q.9 Which of the following stages of "Strategy Formulation Framework" involves developing Internal-Factor Evaluation Matrix?

A. Matching stage

B. Decision stage

C. Output stage

D. Input stage

Q.10 The three basic "value disciplines" that can create customer value and provide a competitive advantage includes all EXCEPT?

A. Product innovation

B. Customer intimacy

C. Focus

D. Operational excellence

Q.1 "Comparing a firm against the best firms in the industry on a wide variety of performance related criteria" is known as:

A. Benchmarking

B. Restructuring

C. E engineering

D. Reengineering

Q.2 If market shares of competitors are declining whereas total industry sales are increasing, which strategy do you think may be the right one to pursue?

A. Market Penetration

B. Divestiture

C. Market Development

D. Retrenchment

Q.3 Majority of the businesses follow which of the following organizational structure?

A. Matrix structure

B. Functional structure

C. Divisional structure

D. Strategic business unit

Q.4 Firms in quadrant-IV of grand strategy matrix have which of the following characteristics?

A. Rapid market growth and strong competitive position

B. Slow market growth and strong competitive position

C. Slow market growth and weak competitive position

D. Rapid market growth and weak competitive position

Q.5 In Grand strategy matrix what will be the appropriate quadrant for the Ahmad textiles if it is operating in slow growing market and holds weak competitive position?

A. Quadrant III

B. Quadrant IV

C. Quadrant II

D. Quadrant I

Q.6 How many parts are there of resource allocation plan?

A. Three

B. Four

C. Two

D. Five

Q.7 Restructuring also known as:

A. Downsizing
B. Rightsizing
C. Delayering
D. All of the given options

Q.8 All of the following are the managerial issues for managing natural environment EXCEPT:

A. Waste management to clean air and water
B. Global warming- depletion of rain forests
C. Developing biodegradable products and packages
D. Employee understanding about environment

Q.9 Which of the following depicts the signs of strength of a company's competitive position?

A. A debt-to-asset ratio below 0.50 and higher EPS.
B. A website with extensive information about the company and its product line.
C. A strongly differentiated product, a strong or rising market share.
D. An annual R&D and advertising expenditures greater than $10 million.

Q.10 Which of the following is NOT a part of resource allocation plan?

A. Primary allocation mechanism
B. Contingency mechanisms
C. Basic allocation decision
D. None of the given options

Q.1 In BCG matrix, identify the right quadrant for "Question Marks".

A. Quadrant II

B. Quadrant IV

C. Quadrant I

D. Quadrant III

Q.2 Which one of the following is the organizational structure that most of the medium-size organizations follow?

A. Matrix structure

B. Strategic business unit

C. Divisional structure

D. Functional structure

Q.3 A Grand Strategy Matrix falls in which one of the following stages in comprehensive strategy formulation framework?

A. Stage-1 (Input stage)

B. Stage-3 (Decision stage)

C. Stage-1 & 2

D. Stage-2 (Matching stage)

Q.4 Most likely, what was the cash cow in the past?

A. Question mark

B. Failure

C. Star

D. Dog

Q.5 Which of the following strategy generally entails large research and development expenditures?

A. Market penetration

B. Product development

C. Forward integration

D. Retrenchment

Q.6 Which of the following depicts the signs of strength of a company's competitive position?

A. An annual R&D and advertising expenditures greater than $10 million.

B. A debt-to-asset ratio below 0.50 and higher EPS.

C. A website with extensive information about the company and its product line.

D. A strongly differentiated product, a strong or rising market share.

Q.7 Which matrices are also known as Portfolio matrices?

A. TOWS and IE matrix

B. SPACE and TOWS matrix

C. IE and BCG matrix

D. SPACE and BCG matrix

Q.8 A strategy seeks to increase market share for present products or services in present markets through greater marketing efforts is known as?

A. None of the given options

B. Product development

C. Market penetration

D. Market development

Q.9 The external environmental trends and events that could significantly harm an organization in the future may be known as:

A. Weaknesses

B. Threats

C. Strengths

D. Opportunities

Q.10 Selling all of a company's assets in parts for their tangible worth is known as:

A. Joint venture

B. Liquidation

C. Integration

D. Divestiture
