ENG510

Midterm important questions 2024

VU360

Here are some important questions from ENG510 Virtual University Midterm 2024:

Lecture 1-5:

1. What is the definition of computer vision and its importance?
2. How do you explain the concept of image processing and its techniques?
3. What are the different types of computer vision applications (object recognition, image segmentation, etc.)?
4. How do you explain the concept of machine learning in computer vision?
5. What is the concept of deep learning in computer vision?

Lecture 6-10:

6. How do you explain the concept of convolutional neural networks (CNNs) in computer vision?
7. What are the different types of CNN architectures (AlexNet, VGG, etc.) and their uses?
8. How do you explain the concept of object detection and tracking in computer vision?
9. What is the concept of image segmentation and its techniques?
10. How do you explain the concept of image restoration and enhancement?

Lecture 11-15:

11. How do you explain the concept of 3D computer vision and its applications?
12. What are the different types of 3D reconstruction techniques (stereo vision, structure from motion, etc.)?
13. How do you explain the concept of optical flow and its uses?
14. What is the concept of visual odometry and its importance?
15. How do you explain the concept of SLAM (Simultaneous Localization and Mapping)?

Lecture 16-20:

16. How do you explain the concept of computer vision for robotics and its applications?

Mudasar Qureshi Vu360

17. What are the different types of computer vision techniques for autonomous vehicles?
18. How do you explain the concept of medical image analysis and its applications?
19. What is the concept of computer vision for surveillance and security?
20. How do you explain the concept of computer vision for virtual reality and augmented reality?

Lecture 21-22:

21. How do you explain the concept of advanced computer vision topics (adversarial attacks, explainability, etc.)?
22. What is the concept of computer vision innovation and its importance in modern times?
