

ENG513

Quiz for Final-Term

ABSTRACT

This comprehensive collection of notes is accurately crafted to empower students to excel academically, ensuring they achieve a minimum of 80% marks in their examinations. The content is organized with clarity and precision, focusing on key concepts, critical analyses, and practical applications tailored to the syllabus. These notes serve as a reliable resource for both thorough preparation and last-minute revision. Designed to inspire confidence and mastery, this guide is an essential tool for students striving for academic excellence.

49. The mental process of speaker which determines what he or she intends to say is called _____. **(conceptualisation)**

50. Which of the following theorists described that task repetition is the repeated use of the similar communication task or discourse sequences by learners with the same or different people? **((Bygate (2001))**

51. Listening had been considered a passive skill and that its main purpose was only to extract _____ from texts. **(meaning)**

52. Which of the theorists said that reading is the commonly offered course in many second and foreign language curricula for different age groups, yet it is not a skill easily acquired by students. **(Nuttall (1996))**

53. Top-down approach is a process in which the reader has to go through the text in a more linear fashion, starting from the _____ unit in print. **(smallest)**

54. Text characteristics _____ according to the different text types with which the reader is familiar. **(vary)**

55. Grabe (2009) recommends that teachers maximize students' reading _____ by following ten principles. **(development)**

56. Which of the theorists described that task repetition is the repeated use of the similar communication task or discourse sequences by learners with the same or different people? **((Bygate (2001))**

57. Which of the following approaches aims at the students' ideas to decide the form of a piece of writing? **(process approach)**

58. SRL is the short form of _____. **(self-regulated learning)**

59. Writing competence is about composing a/an _____ piece of written work to fulfill a specific purpose. **(effective) (nominal in the system)**

60. In the _____ stage, the writers generate and select ideas that they can use in their writing, and organize the ideas in a neat way. **(conceptualizing)**

61. In which of the following approaches to writing, knowledgetransformation is an important implementation device? **(Socio-cognitive)**

62. Which of the following approaches aims at the students' ideas to decide the form of a piece of writing? **(process approach)**

63. When teachers introduce the text type, purpose, audience, context of the text, as well as the vocabulary, grammar, and organizational structure, this stage is named as _____. **(Modeling)**

64. These _____ are called the productive language. **(Speaking and writing)**

65. By designing and use of_____ language skills can be integrated in the classroom. **(microstrategies)**

66. A good source for generating meaningful discussion in second language class is _____. **(Newspaper columns)**

67. We can integrate_____language skills in every day practice. **(four)**

68. Integration of language_____ has the potential to offer different opportunities for different types of learners. **(skills)**

69. The systematic and careful_____ ensure efficient level of teaching. **(planning)**

70. The major aspects of a lesson plan are _____,contents and sequence. **(objectives)**

71. There are different _____ commonly found to plan a lesson. **(formats)**

72. The lesson planning and _____units increase teacher's knowledge with competence and understanding. **(well-planned)**

73. The _____correlates with the teacher's philosophy of education. **(lesson plan)**

74. The learners of English as a lingua franca need primarily to develop their ability to interact effectively with _____ speakers of English. **(non-native)**

75. It is a prerequisite for the development of _____ competence of lingua franca learners to engage meaningfully with authentic lingua franca texts. **(communicative)**

76. By designing and use of_____ language skills can be integrated in the classroom. **(microstrategies)**

77. The main function of EIL as a lingua franca is _____ communication. **(oral)**

78. It is a prerequisite for the development of _____ competence of lingua franca learners to engage meaningfully with authentic lingua franca texts. **(communicative)**

79. The traditionally used to teach EFL are _____ from the material developed for learners of EIL. **(different)**

80. The learners of English as a lingua franca need primarily to develop their ability to interact effectively with _____ speakers of English. **(non-native)**

81. Which of the given modes become an essential tool of global interaction and global literacy in teaching English as an international language (EIL). **(digital media)**

82. The total global internet usage of _____ was 27.3% as per 2010 research findings. **(English)**

83. Which of the given modes become an essential tool of global interaction and global literacy in teaching English as an international language (EIL). **(digital media)**

84. CALL provides a rich communicative environment for _____ learning. **(language)**

85. Digital media offer a number of ways to enhance materials development and learner feedback across the _____ skills. **(traditional)**

86. ICT is the abbreviation of Information and _____ technology. **(Communication)**

87. Autonomy is _____state achieved by learners. **(unsteady)**

88. Learners can follow different stages of autonomy depending on the linguistic and _____ demands of a particular task. **(communicative)**

89. The _____ strategies directly involve the target language. **(direct)**

90. The situation in which learners are working without the _____control of the teacher is called Self instruction. **(direct)**

91. In Pakistani education system _____classes can be a hurdle in learners' autonomy. **(large)**

92. The theoretical document refers to all those activities in which children engage under the auspices of the school is called_____. **(curriculum)**

93. A syllabus is more a teaching _____ than a learning indicator**. (organizer)**

94. The syllabus is a critical piece of communication between _____ and student that warrants thoughtful design. **(instructor)**

95. In the _____ syllabus language input is presented to the learner, not piece by piece, but in fairly large chunks. **(analytic)**

96. The syllabuses that are usually determined in _____ of teaching are referred as priori syllabuses. **(advance)**

97. The conference assessment usually involves teachers meeting with single student or small groups of students over various language points that need to be _____ or practiced. **(reviewed)**

98. 'Evaluation' is derived from the word value which refers to _____ of something. **(usefulness)**

99. The example of proficiency test in Pakistan is_____. **(TOEFL)**

100. The public_____are often perceived as a source of dissatisfaction in Pakistan. **(examinations)**

101. In language acquisition, _____ is of great significance. **(assessment)**

102. Which of the following terms can be used instead of teacher training. **(Teacher education)**

103. Language _____ should be trained according to various needs and situations. **(teachers)**

104. The _____teacher education challenges teacher candidates' assumptions about the issues of gender, race, and multicultural diversity. **(community-based)**

105. Government Colleges of Elementary Education provides _____ training in Pakistan**. (Certificate in Education (CT))**

106. Which of the following terms can be used instead of teacher training. **(Teacher education)**

107. Generally, Teacher Education _____ can be broken down into four major areas. **(curricula)**

108. The _____ research allows both numeric trends and verbal descriptions for a multi-level analysis of complex issues. **(mixed-method)**

109. In which of the following studies the researchers do not have a preconceived idea of the phenomenon under investigation. **(Descriptive studies)**

110. The language teaching research has not been very strong in _____. **(Pakistan)**

111. The _____ can be used to determine learner's receptive skills. **(grammatical judgment test)**

112. Research can allow a teacher to have a clear rationale for his/her _____ choices. **(teaching)**

113. In their _____background, the language teaching methods and approaches differ from one another. **(theoretical)**

114. Various methods have been _____ to find out appropriate ways of teaching language in the history. **(introduced)**

115. History of the consideration of foreign language teaching can be traced back to the ancient _____. **(Greeks)**

116. Which of the following area are significant in language teaching and learning. **(vocabulary and pronunciation)**

117. It is the _____ which provides insights for future directions in LTM? **(research)**

118. SRL stands for **(Self Regulated Learning)**

119. Wells appeals to **contrastive analysis (CA)** as a way to locate areas of difficulty.

120. A good **speaker** is someone who is able to influence others with his or her words.

121. Theory based listening has **3** stages.

122. **Columns** can be a good source for generating meaningful discussion in the class.
