Lesson No.19,20

- Which of the following is considered a victimless crime?
 - A) Murder
 - B) Robbery
 - C) Prostitution
 - D) Assault
 - **Answer: C) Prostitution**
- Who observed that crime is a normal part of all societies?
 - A) Karl Marx
 - B) Émile Durkheim
 - C) Max Weber
 - D) Auguste Comte
 - **Answer: B) Émile Durkheim**
- Which crime involves the willful killing of one human being by another?
 - A) Robbery
 - B) Assault
 - C) Manslaughter
 - D) Murder
 - **Answer: D) Murder**
- What is aggravated assault?
 - A) Unlawful entry with intent to steal
 - B) Attack by one person on another to inflict severe bodily injury
 - C) Theft of items valued over \$100

- D) Intentionally setting a fire
 - **Answer: B) Attack by one person on another to inflict severe bodily injury**
-
- **Which crime is defined as an unlawful entry with the intent to steal?**
 - A) Larceny-theft
 - B) Auto theft
 - C) Arson
 - D) Burglary
 - **Answer: D) Burglary**
-
- **What is the primary responsibility of the police in the criminal justice system?**
 - A) To enact laws
 - B) To judge criminals
 - C) To catch criminals and maintain order
 - D) To rehabilitate offenders
 - **Answer: C) To catch criminals and maintain order**
-
- **Which of the following is NOT a part of the criminal justice system?**
 - A) The police
 - B) The courts
 - C) Prisons
 - D) Hospitals
 - **Answer: D) Hospitals**
-
- **What is the purpose of the corrections system?**
 - A) To judge criminal cases
 - B) To enforce laws
 - C) To incarcerate convicted criminals
 - D) To create new laws
 - **Answer: C) To incarcerate convicted criminals**
-
- **What type of law is Pakistan's legal system a mix of?**
 - A) Roman law and Common law
 - B) Islamic law and British common law

- C) Napoleonic law and Sharia law
- D) Canon law and Civil law
- **Answer: B) Islamic law and British common law**

• **Which crime is the theft of items valued over \$100?**

- A) Burglary
- B) Auto theft
- C) Larceny-theft
- D) Arson
- **Answer: C) Larceny-theft**

• **Which crime involves taking anything of value by force or threat of force?**

- A) Burglary
- B) Robbery
- C) Larceny-theft
- D) Fraud
- **Answer: B) Robbery**

• **What is the role of judges in the criminal justice system?**

- A) To enforce laws
- B) To negotiate plea bargains
- C) To accept pleas, admit evidence, and set sentences
- D) To patrol communities
- **Answer: C) To accept pleas, admit evidence, and set sentences**

• **What is community policing?**

- A) Policing done entirely by community volunteers
- B) Reassignment of police officers to walk beats to gain community trust
- C) Use of military personnel for policing
- D) Exclusive use of surveillance technology for crime prevention
- **Answer: B) Reassignment of police officers to walk beats to gain community trust**

• **What does the term 'plea bargain' refer to?**

- A) Public trial for all criminal cases
- B) Negotiation where the defendant pleads guilty to a lesser charge

- C) A form of punishment involving community service
- D) Automatic dismissal of minor charges
- **Answer: B) Negotiation where the defendant pleads guilty to a lesser charge**

• **Which of the following is NOT a component of the criminal justice system?**

- A) Law enforcement
- B) The military
- C) The courts
- D) Corrections
- **Answer: B) The military**

• **In the context of victimless crimes, why do some people argue they are not truly victimless?**

- A) They are violent
- B) They involve theft
- C) They disrupt social order and moral fiber
- D) They have clear-cut victims
- **Answer: C) They disrupt social order and moral fiber**

• **What is probation?**

- A) Incarceration for minor offenses
- B) Paying fines and making restitution while living with freedom restrictions
- C) Release without any restrictions
- D) The death penalty for severe crimes
- **Answer: B) Paying fines and making restitution while living with freedom restrictions**

• **What is the most common sentence for non-serious offenses?**

- A) Incarceration
- B) Probation
- C) Community service
- D) Execution
- **Answer: B) Probation**

• **What is the most extreme form of social control in the criminal justice system?**

- A) Life imprisonment
- B) Parole
- C) Community service
- D) Capital punishment
- **Answer: D) Capital punishment**

• **Which of the following is a form of cyber-crime?**

- A) Burglary
- B) Identity theft
- C) Arson
- D) Kidnapping
- **Answer: B) Identity theft**

• **What is one of the purposes of prisons?**

- A) Enacting new laws
- B) Rehabilitation of criminals
- C) Community policing
- D) Negotiating plea bargains
- **Answer: B) Rehabilitation of criminals**

• **What influences crime in Pakistan significantly?**

- A) High employment rates
- B) Social equality
- C) Political instability and poverty
- D) Strong law enforcement
- **Answer: C) Political instability and poverty**

• **Which of the following is NOT typically a goal of corrections?**

- A) Punishment
- B) Rehabilitation
- C) Education
- D) Deterrence
- **Answer: C) Education**

• **What is the function of parole in the corrections system?**

- A) Full release of prisoners without any conditions

- B) Supervised release before the end of a sentence
- C) A new trial for convicted criminals
- D) Community service requirement
- **Answer: B) Supervised release before the end of a sentence**

• **Why are prisons subject to criticism in Pakistan?**

- A) Overcrowding and poor conditions

- B) By dismissal
- C) Through plea bargaining
- D) By direct intervention of police
- **Answer: C) Through plea bargaining**

• **Which type of crime is most people afraid of, even though they are more likely to be victims of another type?**

- A) Violent crimes

- B) Property offenses
- C) Cyber-crimes
- D) Victimless crimes
- **Answer: A) Violent crimes**

• **What significant social problem does Pakistan face related to victimless crimes?**

- A) High rates of murder
- B) Extensive drug addiction
- C) Organized crime networks
- D) Cyber-crime prevalence
- **Answer: B) Extensive drug addiction**

Lesson No.21

• **What does social stratification refer to?**

- A) Ranking individuals based on personal achievements
- B) Dividing people into layers based on property, power, and prestige
- C) Classifying societies based on geographic location
- D) A system that treats all members of society equally
- **Answer: B) Dividing people into layers based on property, power, and prestige**

• **Which of the following is NOT a system of social stratification?**

- A) Slavery System
- B) Caste System
- C) Status System
- D) Communal System
- **Answer: D) Communal System**

• **What is the essential characteristic of the slavery system?**

- A) Racial discrimination
- B) Ownership of individuals by others
- C) Merit-based status
- D) Democratic governance

- **Answer:** B) Ownership of individuals by others
- **Which factor was NOT a common cause of slavery?**
 - A) Debt
 - B) Crime
 - C) War
 - D) Education
 - **Answer:** D) Education
- **In a caste system, how is an individual's status determined?**
 - A) By birth and is lifelong
 - B) By personal achievements
 - C) Through voting
 - D) By economic contributions
 - **Answer:** A) By birth and is lifelong
- **What is a major characteristic of the class system?**
 - A) Rigid boundaries with no mobility
 - B) Based on money or material possessions
 - C) Determined by religious status
 - D) Defined by racial purity
 - **Answer:** B) Based on money or material possessions
- **What does the term "endogamy" mean in the context of a caste system?**
 - A) Marriage within one's own caste group
 - B) Marriage outside one's caste group
 - C) Prohibition of marriage
 - D) Legal restrictions on marriage
 - **Answer:** A) Marriage within one's own caste group
- **Which country provides the best example of a caste system?**
 - A) United States
 - B) India
 - C) France
 - D) Japan
 - **Answer:** B) India

- **What system was enforced in South Africa to separate the races?**
 - A) Feudalism
 - B) Apartheid
 - C) Caste system
 - D) Estate system
 - **Answer:** B) Apartheid
- **Which estate consisted of the clergy in the estate stratification system of medieval Europe?**
 - A) First estate
 - B) Second estate
 - C) Third estate
 - D) Fourth estate
 - **Answer:** B) Second estate
- **In the estate system, what was the primary source of wealth?**
 - A) Industrial production
 - B) Land ownership
 - C) Trade
 - D) Banking
 - **Answer:** B) Land ownership
- **Which term describes the ability to move up or down the class ladder in a class system?**
 - A) Social immobility
 - B) Social stagnation
 - C) Social mobility
 - D) Social rigidity
 - **Answer:** C) Social mobility
- **What was a common condition of slavery in most societies?**
 - A) Temporary and short-term
 - B) Lifelong and inheritable
 - C) Based on voluntary service
 - D) Equally distributed across all social classes
 - **Answer:** B) Lifelong and inheritable

• **What type of status is typically associated with the caste system?**

- A) Achieved status
- B) Ascribed status
- C) Fluid status
- D) Merit-based status
- **Answer:** B) Ascribed status

• **In the estate system, who were the commoners?**

- A) Nobility
- B) Clergy
- C) Serfs
- D) Merchants
- **Answer:** C) Serfs

• **What is one key difference between the class system and other stratification systems like slavery and caste?**

- A) Class systems are rigid and fixed
- B) Class systems allow for social mobility
- C) Class systems are based on religious beliefs
- D) Class systems prohibit economic wealth
- **Answer:** B) Class systems allow for social mobility

• **Which of the following is NOT a factor that social status can be based on in the status system?**

- A) Occupation
- B) Education
- C) Lifestyle
- D) Ancestry
- **Answer:** D) Ancestry

• **What practice was used by the nobility in the estate system to keep land within the family?**

- A) Endogamy
- B) Exogamy
- C) Primogeniture
- D) Dowry

- **Answer:** C) Primogeniture
- **How did slavery differ among various historical societies?**
 - A) It was always based on race
 - B) It was sometimes temporary and not always inheritable
 - C) Slaves always had no rights or power
 - D) It was predominantly found among nomadic groups
 - **Answer:** B) It was sometimes temporary and not always inheritable
- **What was a significant outcome of the dismantling of apartheid in South Africa?**
 - A) Complete elimination of social inequality
 - B) Integration of public facilities and equal voting rights
 - C) Establishment of a caste system
 - D) Disappearance of racial-ethnic classifications
 - **Answer:** B) Integration of public facilities and equal voting rights

Lesson No.22

1. According to functionalists, why does social inequality exist?
 - A) It is beneficial for the elite.
 - B) It is necessary for societal survival.
 - C) It is a result of conflict.
 - D) It is a byproduct of capitalism.
 - **Answer: B**
2. Davis and Moore argue that the stratification of society is inevitable because:
 - A) Society is inherently unfair.
 - B) Only some positions require filling.
 - C) More important positions must be filled by more qualified people.
 - D) Inequality motivates people to work harder.
 - **Answer: C**
3. According to Davis and Moore, what motivates people to fill more demanding positions?
 - A) Greater rewards.
 - B) Altruism.

- C) Coercion.
 - D) Tradition.
 - **Answer: A**
4. Which of the following is an example used by Davis and Moore to illustrate their theory?
- A) Industrial workers.
 - B) College presidents and military generals.
 - C) Farmers and peasants.
 - D) Artists and musicians.
 - **Answer: B**

Topic: Conflict Theory on Stratification

5. According to conflict theorists, what is the primary cause of social stratification?
- A) Social consensus.
 - B) Conflict and power struggles.
 - C) Technological advancements.
 - D) Natural differences in abilities.
 - **Answer: B**
6. Karl Marx viewed human history primarily as:
- A) A series of technological advancements.
 - B) A chronicle of class struggle.
 - C) A progression of cultural developments.
 - D) A record of peaceful coexistence.
 - **Answer: B**
7. What did Marx predict would happen when workers gained class consciousness?
- A) They would migrate to other countries.
 - B) They would improve their work performance.
 - C) They would revolt against the bourgeoisie.
 - D) They would start their own businesses.
 - **Answer: C**
8. According to conflict theorists, how do national elites maintain control over workers?
- A) Through democratic processes.
 - B) By shuffling capital among nations.
 - C) By promoting social mobility.
 - D) Through technological innovation.
 - **Answer: B**

Topic: Symbolic Interactionism and Stratification

9. According to symbolic interactionists, class distinctions are often expressed through:
- A) Economic policies.
 - B) Symbols and behaviors.
 - C) Legal frameworks.
 - D) Political affiliations.
 - **Answer: B**
10. Thorsten Veblen's concept of "conspicuous consumption" refers to:
- A) The hidden costs of consumer goods.
 - B) The use of wealth to display social status.
 - C) The economic impact of consumerism.
 - D) The environmental consequences of consumption.
 - **Answer: B**
11. How do middle- and upper-class members typically enhance their career opportunities and social mobility, according to Granovetter?
- A) Through strong family ties.
 - B) Through diverse social networks.
 - C) By avoiding community participation.
 - D) By focusing on manual labor.
 - **Answer: B**
12. Which of the following is a subtle element of nonverbal behavior that distinguishes social classes?
- A) Voting patterns.
 - B) The use of hands and posture.
 - C) Dietary preferences.
 - D) Religious beliefs.
 - **Answer: B**

Topic: Feminist Theory on Stratification

13. According to feminist theory, social stratification is influenced by:
- A) Only economic factors.
 - B) Only gender.
 - C) Gender, race, and other social differences.
 - D) Geographic location.
 - **Answer: C**
14. Feminists argue that women often experience double oppression based on:
- A) Their gender and their marital status.

- B) Their race and their religion.
- C) Their gender and their economic status.
- D) Their education level and their age.
- **Answer: C**

15. In the context of Pakistan, feminist perspectives on stratification highlight:

- A) The technological advancements in society.
- B) The economic opportunities for men.
- C) The marginalization and exclusion of women.
- D) The cultural heritage of the country.
- **Answer: C**

Topic: Max Weber's Theory on Social Class

16. According to Max Weber, which of the following is NOT one of the three components of social class?

- A) Property
- B) Power
- C) Prestige
- D) Education
- **Answer: D**

17. Weber argued that property is significant because it:

- A) Determines social mobility.
- B) Is the sole determinant of social class.
- C) Can be used to control others.
- D) Is inherited.
- **Answer: C**

18. According to Weber, which of the following can be turned into power?

- A) Wealth
- B) Prestige
- C) Knowledge
- D) Labor
- **Answer: B**

19. How does Weber's view of social class differ from Marx's view?

- A) Weber considers only property, while Marx considers power and prestige.
- B) Weber includes property, power, and prestige, while Marx focuses on the means of production.
- C) Weber focuses on social mobility, while Marx focuses on static classes.

- D) Weber emphasizes class struggle, while Marx emphasizes class consensus.
 - **Answer: B**
20. According to Weber, what often derives from property and power but can also be independent?
- A) Wealth
 - B) Prestige
 - C) Education
 - D) Family background
 - **Answer: B**

Lesson No.23

1. **Modernization theory is primarily associated with which sociological approach?**
 - A. Conflict theory
 - B. Functionalist theory
 - C. Symbolic interactionism
 - D. Feminist theory
 - **Answer: B**
2. **According to modernization theory, what is a critical factor in national development?**
 - A. Traditional customs
 - B. Political corruption
 - C. Technology
 - D. Religious practices
 - **Answer: C**
3. **Which of the following is NOT cited as an internal factor influencing a nation's rank in the global hierarchy by early modernization theorists?**
 - A. Poor soil
 - B. Traditional customs
 - C. Political corruption
 - D. Foreign aid
 - **Answer: D**
4. **What shift in values does modernization theory associate with national development?**
 - A. From rational to absolute norms
 - B. From absolute to more rational values
 - C. From individualistic to collectivist values
 - D. From modern to traditional values
 - **Answer: B**
5. **Which country's development is highlighted as an example of traditional values boosting economic progress?**
 - A. South Korea
 - B. Brazil

- C. India
- D. Singapore
- **Answer: D**

Theories of Global Stratification: Dependency Theory

6. **Dependency theory falls under which sociological approach?**
 - A. Functionalist theory
 - B. Conflict theory
 - C. Symbolic interactionism
 - D. Structural-functionalism
 - **Answer: B**
7. **According to dependency theorists, what do wealthy nations use to maintain dependency relationships with poor countries?**
 - A. Technological assistance
 - B. Foreign aid, weapons, and educational grants
 - C. Cultural exchanges
 - D. Environmental regulations
 - **Answer: B**
8. **Which form of dependency is characterized by poor countries selling raw materials cheaply and buying finished products at higher prices?**
 - A. Trade dependency
 - B. Industrial dependency
 - C. Investment dependency
 - D. Technological dependency
 - **Answer: A**
9. **What often results from multinational corporations establishing factories in developing countries?**
 - A. Increased local investment
 - B. Mutual benefits without any disadvantages
 - C. Diversion of funds from domestic enterprises
 - D. Complete economic independence for developing countries
 - **Answer: C**
10. **Which organization is NOT mentioned as a contributor to global dependency relations?**
 - A. International Monetary Fund (IMF)
 - B. The World Bank
 - C. The United Nations
 - D. World Trade Organization (WTO)
 - **Answer: C**

Theories of Global Stratification: World System Theory

11. **Who proposed the World System Theory?**
 - A. Immanuel Wallerstein
 - B. Karl Marx

- C. Max Weber
 - D. Emile Durkheim
 - **Answer: A**
12. Which group of nations is considered the "core" according to World System Theory?
- A. Countries that industrialized first
 - B. Countries with agrarian economies
 - C. Nations that are dependent on trade
 - D. Nations excluded from capitalism
 - **Answer: A**
13. What characterizes the "semi-periphery" nations in World System Theory?
- A. First to industrialize
 - B. Dependent on trade with core nations
 - C. Developed without capitalist influence
 - D. Solely agrarian economies
 - **Answer: B**
14. Which of the following is an example of a "periphery" nation?
- A. Britain
 - B. France
 - C. Eastern European countries
 - D. Japan
 - **Answer: C**
15. World System Theory suggests global inequality can be addressed through:
- A. Increased foreign aid
 - B. Systemic changes to world economic and political systems
 - C. Strengthening traditional values
 - D. Reducing technological advancements
 - **Answer: B**

Maintaining Global Stratification: Neocolonialism

16. Who argued that neocolonialism replaced traditional colonialism after WWII?
- A. Immanuel Wallerstein
 - B. Michael Harrington
 - C. Max Weber
 - D. Andre Gunder Frank
 - **Answer: B**
17. Neocolonialism maintains control over least industrialized nations through:
- A. Military occupation
 - B. Debt and credit systems
 - C. Cultural exchange programs
 - D. Technological superiority
 - **Answer: B**
18. Which of the following countries is used as an example to discuss neocolonialism and oil trade?
- A. India

- B. Saudi Arabia
- C. Brazil
- D. Japan
- **Answer: B**

Maintaining Global Stratification: Multinational Corporations

19. Multinational corporations are primarily criticized for:

- A. Promoting global equality
- B. Exploiting resources and labor in least industrialized nations
- C. Providing equal opportunities to all countries
- D. Reducing global trade
- **Answer: B**

20. What term is used to describe payments made by multinational corporations to maintain favorable business climates?

- A. Investments
- B. Donations
- C. Subsidies and offsets
- D. Grants and loans
- **Answer:**

Lesson No.24

1. What is social mobility?

- A) The movement of individuals or groups between different social positions or classes over time.
- B) The static position of individuals in society.
- C) The ability to move geographically.
- D) The interaction between social classes.
- **Answer: A**

2. Which of the following is NOT a type of social mobility?

- A) Inter-generational mobility
- B) Structural mobility
- C) Exchange mobility
- D) Individual mobility
- **Answer: D**

3. What does inter-generational social mobility refer to?

- A) Change in social position during a person's lifetime.
- B) Upward or downward social mobility of children in relation to their parents.
- C) Exchange of social positions within a generation.
- D) Structural changes in society.
- **Answer: B**

4. What is an example of upward social mobility?

- A) A child of a used car salesman becoming a dealership owner.
- B) A factory worker's child also becoming a factory worker.
- C) A doctor losing their medical license.

- D) An office worker becoming unemployed.
- **Answer: A**
- 5. **What type of mobility is driven by societal changes, such as new technologies or economic shifts?**
 - A) Inter-generational mobility
 - B) Structural mobility
 - C) Exchange mobility
 - D) Intra-generational mobility
 - **Answer: B**
- 6. **Which theory suggests that social mobility involves a balance where the overall class structure remains unchanged?**
 - A) Inter-generational mobility
 - B) Structural mobility
 - C) Exchange mobility
 - D) Status-attainment mobility
 - **Answer: C**
- 7. **Why did feminists critique early studies of social mobility?**
 - A) They included too many women.
 - B) They ignored daughters and assumed wives had no social class position of their own.
 - C) They only focused on individual mobility.
 - D) They did not consider educational achievements.
 - **Answer: B**
- 8. **How does marriage affect social standing, according to studies?**
 - A) It has no effect.
 - B) It typically decreases social standing.
 - C) It generally increases social standing and wealth.
 - D) It leads to immediate upward mobility.
 - **Answer: C**
- 9. **What is structural mobility?**
 - A) Movement up or down the social class ladder due to personal achievements.
 - B) Mobility resulting from changes in the structure of society.
 - C) Mobility based on exchange between social classes.
 - D) Mobility resulting from educational attainment.
 - **Answer: B**
- 10. **Which type of mobility is impacted by educational achievements and family background?**
 - A) Inter-generational mobility
 - B) Structural mobility
 - C) Exchange mobility
 - D) Status-attainment mobility
 - **Answer: D**
- 11. **What typically causes downward mobility?**
 - A) Job loss or economic recession
 - B) Increase in income
 - C) Technological advancements

- D) Better education
- **Answer: A**

12. What is the effect of divorce on social standing?

- A) It usually has no effect.
- B) It typically leads to upward mobility.
- C) It generally decreases social position and wealth.
- D) It stabilizes social standing.
- **Answer: C**

13. Which concept refers to large numbers of people moving up and down the social class ladder but maintaining the overall balance?

- A) Inter-generational mobility
- B) Structural mobility
- C) Exchange mobility
- D) Intra-generational mobility
- **Answer: C**

14. What type of mobility involves changes that occur during a person's lifetime?

- A) Inter-generational mobility
- B) Structural mobility
- C) Intra-generational mobility
- D) Exchange mobility
- **Answer: C**

15. What is the impact of political instability on social mobility in Pakistan?

- A) It enhances upward mobility.
- B) It creates more educational opportunities.
- C) It serves as a barrier to social mobility.
- D) It has no significant effect.
- **Answer: C**

16. How does access to education influence social mobility in Pakistan?

- A) It has minimal impact.
- B) It restricts upward mobility.
- C) It is a key factor in upward social mobility.
- D) It only affects inter-generational mobility.
- **Answer: C**

17. What is one major challenge to upward social mobility in Pakistan?

- A) Equal income distribution
- B) Widespread educational opportunities
- C) Economic and cultural inequalities
- D) Stable political environment
- **Answer: C**

18. Which term refers to a decrease in income and social status, often leading to stress and mental health issues?

- A) Upward mobility
- B) Structural mobility
- C) Downward mobility
- D) Exchange mobility
- **Answer: C**

19. **What role do cultural norms play in women's social mobility in Pakistan?**

- A) They facilitate upward mobility.
- B) They have no impact.
- C) They often restrict mobility and access to education.
- D) They only affect men's mobility.
- **Answer: C**

20. **How do economic policies influence structural mobility?**

- A) They have no effect.
- B) They are only relevant in non-democratic societies.
- C) They drive changes that result in social status shifts.
- D) They are only linked to individual efforts.
- **Answer: C**

Lesson no 25.

1. **What was the predominant form of family in premodern Western Europe according to recent research?**

- A. Extended family
- B. Nuclear family
- C. Joint family
- D. Blended family

Answer: B. Nuclear family

2. **What was the average household size in England throughout the seventeenth to nineteenth centuries?**

- A. 2.4
- B. 3.75
- C. 4.75
- D. 5.4

Answer: C. 4.75

3. **In premodern Europe, at what age did children typically start working to help their parents on farms?**

- A. 5-6 years
- B. 7-8 years
- C. 9-10 years
- D. 11-12 years

Answer: B. 7-8 years

Topic-135: The Development of Family Life

4. Which trend has NOT been observed in the development of family life in the past century?

- A. Declining marriage rates
- B. Later marriages
- C. Decreased cohabitation
- D. Higher divorce rates

Answer: C. Decreased cohabitation

5. Which global event had significant impacts on family life, including increased stress and job loss?

- A. World War II
- B. The Great Depression
- C. The COVID-19 pandemic
- D. The Industrial Revolution

Answer: C. The COVID-19 pandemic

Topic-136: Changes in Family Patterns Worldwide

6. Which factor is NOT mentioned as influencing changes in family patterns worldwide?

- A. Spread of western culture
- B. Development of centralized government
- C. Increased agricultural productivity
- D. Large-scale migration from rural to urban areas

Answer: C. Increased agricultural productivity

7. What has been a frequent government response in China to the problem of rapidly expanding population growth?

- A. Encouraging larger families
- B. Introducing programs for smaller families
- C. Promoting urbanization
- D. Providing financial incentives for having more children

Answer: B. Introducing programs for smaller families

Topic-137: Family Diversity: A Global Portrait

8. Which cultural belief about sexual appetite is held by most people in the Middle East?

- A. Men have a voracious sexual appetite
- B. Women have a voracious sexual appetite
- C. Both men and women have similar sexual appetites
- D. Neither men nor women have strong sexual appetites

Answer: B. Women have a voracious sexual appetite

9. In which societies are family and kin groups typically small and loosely knit?

- A. Industrial and post-industrial societies
- B. Preindustrial societies
- C. Agricultural societies
- D. Tribal societies

Answer: A. Industrial and post-industrial societies

Topic-138: Family Diversity: Descent Patterns

10. What is bilineal descent?

- A. Tracing descent through only the father's family
- B. Tracing descent through only the mother's family
- C. Tracing descent through both father's and mother's families
- D. Tracing descent through non-biological ties

Answer: C. Tracing descent through both father's and mother's families

11. Which descent system traces descent through female relatives only?

- A. Patrilineal
- B. Bilineal
- C. Affinal
- D. Matrilineal

Answer: D. Matrilineal

Topic-139: Family Patterns

12. Which type of extended family includes three or more generations living together?

- A. Joint family

- B. Vertical extended family
- C. Nuclear family
- D. Blended family

Answer: B. Vertical extended family

13. What is a kinship group?

- A. A network of people based on common ancestry, marriage, adoption, and/or affiliation
- B. A family unit consisting of parents and their children
- C. A group of friends considered as family
- D. A community of unrelated individuals living together

Answer: A. A network of people based on common ancestry, marriage, adoption, and/or affiliation

Topic-140: Courtship, Marriage, and Divorce Patterns

14. What does the incest taboo universally forbid?

- A. Marriage between first cousins
- B. Marriage between individuals of different races
- C. Marriage and sexual intercourse between close kin
- D. Marriage outside one's social class

Answer: C. Marriage and sexual intercourse between close kin

15. What is exogamy?

- A. A norm requiring people to marry within their own social group
- B. A norm requiring people to find marriage partners outside their own group
- C. The practice of having multiple spouses
- D. The norm of marrying for love

Answer: B. A norm requiring people to find marriage partners outside their own group

Topic-141: Residence and Authority Patterns

16. What is neolocal residence?

- A. Living with the husband's family after marriage
- B. Living with the wife's family after marriage

- C. Establishing an independent household after marriage
- D. Living with the parents of both spouses after marriage

Answer: C. Establishing an independent household after marriage

17. What percentage of societies in Murdock's World Ethnographic Sample lived with or near the husband's family?

- A. 33%
- B. 50%
- C. 67%
- D. 80%

Answer: C. 67%

18. In which type of residence pattern does the husband move to the home of his wife and her kin group?

- A. Patrilocal residence
- B. Matrilocal residence
- C. Neolocal residence
- D. Avunculocal residence

Answer: B. Matrilocal residence

19. Which type of authority pattern is most common in industrial societies where women have greater economic independence?

- A. Patriarchal authority
- B. Matriarchal authority
- C. Egalitarian authority
- D. Hierarchical authority

Answer: C. Egalitarian authority

20. What is patrilineal descent?

- A. Tracing descent through female relatives only
- B. Tracing descent through male relatives only
- C. Tracing descent through both male and female relatives
- D. Tracing descent through adopted relatives

Answer: B. Tracing descent through male relatives only

Lesson NO 26,27

1. Which of the following factors contribute to the increasing divorce rates in Pakistan?
 - A) Decreased economic independence of women
 - B) Changing cultural norms
 - C) Lack of legal resources
 - D) Increased social stigma
 - **Answer: B) Changing cultural norms**
2. What is one significant challenge faced by divorced women in Pakistan?
 - A) Legal recognition
 - B) Economic opportunities
 - C) Social stigma
 - D) Access to education
 - **Answer: C) Social stigma**
3. Divorce in Pakistan is regulated by:
 - A) Civil law
 - B) Common law
 - C) Islamic law
 - D) International law
 - **Answer: C) Islamic law**

Topic-143: Single Parent Families

4. What is the primary source of strain for single-parent families according to Thompson and Hickey (2016)?
 - A) Social isolation
 - B) Poverty
 - C) Lack of education
 - D) Health issues
 - **Answer: B) Poverty**
5. Single-parent families are most commonly created by:
 - A) The death of a spouse
 - B) Divorce and separation
 - C) Military deployment
 - D) Adoption
 - **Answer: B) Divorce and separation**
6. In Pakistan, single-parent families are often headed by:
 - A) Fathers
 - B) Grandparents
 - C) Siblings
 - D) Women
 - **Answer: D) Women**

Topic-144: Blended Families

7. What is a blended family?
- A) A family with adopted children
 - B) A family with parents of different ethnicities
 - C) A family where at least one adult is a stepparent
 - D) A family with pets
 - **Answer: C) A family where at least one adult is a stepparent**
8. Blended families often need to be:
- A) Traditional and strict
 - B) Creative and flexible
 - C) Independent and isolated
 - D) Wealthy and affluent
 - **Answer: B) Creative and flexible**
9. In Pakistan, blended families may face challenges particularly in:
- A) Urban areas
 - B) Rural areas
 - C) Conservative or traditional communities
 - D) Younger generations
 - **Answer: C) Conservative or traditional communities**

Topic-145: Same Sex Families

10. In Pakistan, same-sex relationships and families are:
- A) Legally recognized
 - B) Socially accepted
 - C) Not legally recognized
 - D) Common in rural areas
 - **Answer: C) Not legally recognized**
11. Same-sex families are becoming more visible and accepted in:
- A) Middle Eastern societies
 - B) Western societies
 - C) Asian societies
 - D) African societies
 - **Answer: B) Western societies**
12. What is the estimated number of same-sex couple households in the United States in 2019?
- A) 500,000
 - B) 750,000
 - C) 980,000
 - D) 1,200,000
 - **Answer: C) 980,000**

Topic-146: Problems Related to Family: Balancing Family and Work

13. What percentage of married women with school-age children are in the labor force?
- A) 25%
 - B) 50%
 - C) 75%
 - D) 90%
 - **Answer: C) 75%**
14. According to international studies, working wives continue to carry a disproportionate share of:
- A) Financial responsibilities
 - B) Family responsibilities
 - C) Recreational activities
 - D) Educational duties
 - **Answer: B) Family responsibilities**
15. In Pakistan, families face significant challenges in balancing work and family responsibilities, especially in:
- A) Rural areas
 - B) Urban areas
 - C) Government jobs
 - D) Educational institutions
 - **Answer: B) Urban areas**

Topic-147: Domestic Violence

16. Domestic violence in Pakistan is:
- A) Legal
 - B) Illegal
 - C) Rarely reported
 - D) Always prosecuted
 - **Answer: B) Illegal**
17. Addressing domestic violence in Pakistan requires:
- A) Ignoring the problem
 - B) A multi-faceted approach
 - C) Only legal reforms
 - D) Only social campaigns
 - **Answer: B) A multi-faceted approach**
18. Child abuse rates are high, with surveys showing how many parents reported striking their children at least once during the year?

- A) 1 in 4
- B) 2 in 4
- C) 3 in 4
- D) 4 in 4
- **Answer: C) 3 in 4**

Topic-148: Reproduction and Union Formation

19. In Pakistan, arranged marriages are often linked to:

- A) Western values
- B) Individual freedom
- C) Religion, social class, and ethnicity
- D) Economic independence
- **Answer: C) Religion, social class, and ethnicity**

20. Union formation and reproduction can be impacted by:

- A) Legal constraints
- B) Economic factors
- C) Political stability
- D) Geographic location
- **Answer: B) Economic factors**

21. In some cultures, norms for union formation are closely tied to:

- A) Media influence
- B) Technological advancement
- C) Cultural and religious practices
- D) Political ideologies
- **Answer: C) Cultural and religious practices**

Topic-149: Mate Selection

22. Mate selection can be influenced by:

- A) Geographic distance
- B) Physical attractiveness and personality traits
- C) Age differences
- D) Job prospects
- **Answer: B) Physical attractiveness and personality traits**

23. In Pakistan, what factors are often considered in mate selection?

- A) Political affiliation
- B) Family background
- C) Personal hobbies
- D) Social media presence

- **Answer: B) Family background**
- 24. Gender norms in Pakistan influence mate selection by:
 - A) Equalizing criteria for men and women
 - B) Having different criteria for men and women
 - C) Ignoring cultural expectations
 - D) Promoting only arranged marriages
 - **Answer: B) Having different criteria for men and women**

Topic-150: Arranged Marriages

- 25. Arranged marriages are often seen as a way to ensure:
 - A) Individual choice
 - B) Compatibility between partners
 - C) Financial independence
 - D) Social isolation
 - **Answer: B) Compatibility between partners**
- 26. In arranged marriages in Pakistan, what is often involved between families?
 - A) Exchange of dowries
 - B) Legal contracts
 - C) Religious ceremonies
 - D) Employment agreements
 - **Answer: A) Exchange of dowries**
- 27. Arranged marriages can result in:
 - A) High levels of marital satisfaction
 - B) Complete autonomy for individuals
 - C) Financial instability
 - D) Reduced family ties
 - **Answer: A) High levels of marital satisfaction**

Topic-151: Childcare and Child Rearing

- 28. In Pakistan, who is traditionally seen as responsible for child rearing?
 - A) The government
 - B) The mother
 - C) Community leaders
 - D) Educational institutions
 - **Answer: B) The mother**
- 29. Extended family members in Pakistan often:
 - A) Provide limited support
 - B) Take full responsibility for childcare

- C) Play a supportive role in childcare
 - D) Discourage traditional child rearing practices
 - **Answer: C) Play a supportive role in childcare**
30. Changing social and economic conditions in Pakistan are affecting child rearing by:
- A) Reducing the role of fathers
 - B) Increasing reliance on external childcare providers
 - C) Eliminating traditional gender roles
 - D) Decreasing early childhood education centers
 - **Answer: B) Increasing reliance on external childcare providers**

Lesson No 28,29

Defining Marriage: Marriage Rules

1. **What does marriage typically involve?**
 - a) A financial agreement
 - b) A group's approved mating arrangements marked by a ritual
 - c) A temporary union without legal significance
 - d) A professional contract
 - **Answer: b**
2. **In Pakistan, what type of marriage is still common?**
 - a) Same-sex marriages
 - b) Monogamous marriages
 - c) Arranged marriages
 - d) Polygamous marriages
 - **Answer: c**
3. **What is one of the functions of marriage in some cultures?**
 - a) To maintain social status
 - b) To avoid legal responsibilities
 - c) To reduce population growth
 - d) To dissolve family ties
 - **Answer: a**

Meaning of Family and Marriage

4. **What is the definition of a family?**
 - a) A group of friends living together
 - b) A social institution involving people related by blood, marriage, or adoption

- c) A temporary social group
 - d) A group of coworkers
 - **Answer: b**
5. **Which type of family is often the norm in Pakistan?**
- a) Nuclear families
 - b) Single-parent families
 - c) Extended families
 - d) Childless families
 - **Answer: c**
6. **Marriage is often seen as a way to form what?**
- a) A business partnership
 - b) A new family unit
 - c) A friendship
 - d) A temporary union
 - **Answer: b**

The Conflict Perspective: Struggling between Husband and Wife

7. **What is a common source of conflict in marriages according to the conflict perspective?**
- a) Financial independence
 - b) Power imbalance
 - c) Lack of communication
 - d) Shared hobbies
 - **Answer: b**
8. **In the United States, how have gender dynamics in marriage changed?**
- a) Husbands have complete control over finances
 - b) Wives have more control over the family purse
 - c) Gender roles have remained static
 - d) Only men work for wages
 - **Answer: b**
9. **In Pakistan, who often has the final say in important matters in marriage?**
- a) Wives
 - b) Children
 - c) Extended family members
 - d) Men
 - **Answer: d**

The Symbolic Interactionist Perspective: Gender, Housework, and Childcare

10. What do symbolic interactionists emphasize in studying society?

- a) Economic factors
- b) Government policies
- c) Symbols and interactions
- d) Technological advancements
- **Answer: c**

11. In Pakistan, who is typically expected to take on the majority of housework and childcare responsibilities?

- a) Men
- b) Extended family
- c) Women
- d) Outsourced help
- **Answer: c**

12. What does the symbolic interactionist perspective highlight in the context of marriage?

- a) Economic benefits
- b) Social interactions and gender roles
- c) Legal implications
- d) Political power
- **Answer: b**

The Transformation of the Family

13. What trend is observed as women work more for wages?

- a) Men are doing less housework
- b) Women are doing more housework
- c) Men are doing more housework and childcare
- d) Housework remains the same
- **Answer: c**

14. What term describes the traditional responsibilities assigned to husbands and wives?

- a) Gendered division of labor
- b) Role reversal
- c) Occupational segregation
- d) Household equality
- **Answer: a**

15. What is a positive effect of the transformation of the family in Pakistan?

- a) Increased social isolation
- b) Greater individual freedom
- c) Decreased educational opportunities

- d) Stronger adherence to traditional roles
- **Answer: b**

Remarriage and Step Families

16. What is a stepfamily?

- a) A family with only biological children
- b) A family formed when one or both partners have children from previous relationships
- c) A family with no children
- d) A family with adopted children only
- **Answer: b**

17. What is a common issue in stepfamilies?

- a) Lack of financial resources
- b) Loyalty conflicts and jealousy
- c) Absence of cultural values
- d) Limited educational opportunities
- **Answer: b**

18. Which group in Pakistan finds remarriage more acceptable?

- a) Men
- b) Women
- c) Elderly
- d) Children
- **Answer: a**

Child Custody Laws

19. What do child custody laws determine?

- a) Financial distribution in divorce
- b) Ownership of marital property
- c) Care and control of a child
- d) Employment rights
- **Answer: c**

20. In Pakistan, who is typically given preference for custody of young children?

- a) Fathers
- b) Grandparents
- c) The state
- d) Mothers
- **Answer: d**

21. What can be a long-term impact of custody battles?

- a) Improved financial stability
- b) Long-term conflict between parents
- c) Enhanced parent-child relationships
- d) Better educational outcomes for children
- **Answer: b**

Health and Medicine

22. What is one of the components of health identified by international health experts?

- a) Economic status
- b) Social wellbeing
- c) Educational level
- d) Technological access
- **Answer: b**

23. What is a shaman?

- a) A financial advisor
- b) A medical doctor
- c) A healing specialist of a tribe
- d) A legal expert
- **Answer: c**

24. What influences our definitions of health and illness according to symbolic interactionists?

- a) Technological advancements
- b) Economic factors
- c) Cultural beliefs
- d) Political systems
- **Answer: c**

The Functionalist Perspective: The Sick Role

25. What is one element of the sick role according to Talcott Parsons?

- a) Taking on additional responsibilities
- b) Enjoying the sick role
- c) Seeking competent help to return to routines
- d) Avoiding medical assistance
- **Answer: c**

26. How does the sick role help society according to functionalists?

- a) It increases social obligations

- b) It disrupts social norms
- c) It maintains social order
- d) It creates social chaos
- **Answer: c**

27. Who is more likely to claim the sick role, according to gender differences in the sick role?

- a) Men
- b) Children
- c) Women
- d) Elderly
- **Answer: c**

The Conflict Perspective: Effects of Global Stratification on Health Care

28. What do conflict perspectives focus on in healthcare?

- a) Economic and political interests shaping healthcare policies
- b) Social harmony and cooperation
- c) Technological advancements in medicine
- d) Cultural beliefs and practices
- **Answer: a**

29. What is a consequence of global stratification in health care?

- a) Equal access to healthcare worldwide
- b) Better healthcare in industrialized nations
- c) Uniform healthcare policies
- d) Reduced health disparities
- **Answer: b**

30. What can help control many diseases in the least industrialized nations?

- a) Advanced medical technology
- b) More public health spending
- c) Increased privatization of healthcare
- d) Cultural reforms
- **Answer: b**

Lesson no 30

1. What does medicalization refer to?

- A) The development of new medical technologies
- B) Defining a social problem as a medical problem that requires medical treatment
- C) The advancement of medical research

- D) Increasing healthcare access for all
- **Answer: B**
- 2. **Which of the following is a driving factor of medicalization?**
 - A) Societal pressures
 - B) Technological advancements
 - C) Government policies
 - D) Environmental changes
 - **Answer: A**
- 3. **What is a negative consequence of medicalization?**
 - A) Development of new treatments
 - B) Overdiagnosis and overtreatment
 - C) Increased healthcare access
 - D) Improved patient outcomes
 - **Answer: B**
- 4. **An example of medicalization in Pakistan is:**
 - A) The decrease in infectious diseases
 - B) The medicalization of female reproductive health
 - C) Improved sanitation facilities
 - D) Increase in traditional healing practices
 - **Answer: B**
- 5. **According to symbolic interactionists, medicalization is:**
 - A) A natural evolution of medical science
 - B) A redefinition of normal life problems as medical issues
 - C) Essential for improving health outcomes
 - D) Driven by technological advancements
 - **Answer: B**
- 6. **Functionalists view medicalization as:**
 - A) Beneficial for individual health
 - B) Strengthening the medical establishment by broadening its customer base
 - C) Harmful to society
 - D) Irrelevant to societal development
 - **Answer: B**
- 7. **Conflict sociologists argue that medicalization:**
 - A) Indicates the growing power of the medical establishment
 - B) Benefits all societal classes equally
 - C) Is necessary for social stability
 - D) Has no impact on social dynamics
 - **Answer: A**
- 8. **Medically assisted suicide involves:**

- A) Providing psychological counseling to terminally ill patients
- B) Writing lethal prescriptions for terminally ill patients
- C) Performing surgery to extend life
- D) Administering non-lethal pain relief
- **Answer: B**

9. Epidemiology studies:

- A) Medical technologies
- B) The incidence and distribution of health and disease in a society
- C) Medical education
- D) The history of medicine
- **Answer: B**

10. Which factor is NOT a clear-cut pattern related to levels of health in epidemiology?

- A) Age
- B) Race and ethnicity
- C) Political affiliation
- D) Socioeconomic status
- **Answer: C**

11. The strongest predictor of life expectancy in the United States is:

- A) Age
- B) Socioeconomic status
- C) Race
- D) Sex
- **Answer: D**

12. Holistic medicine emphasizes:

- A) Reactive treatment
- B) Personal responsibility for health and well-being
- C) Exclusive use of pharmaceuticals
- D) Surgery as a primary treatment
- **Answer: B**

13. Alternative medicine gained popularity due to:

- A) High costs and side effects of conventional medicine
- B) Advances in genetic research
- C) Decrease in traditional beliefs
- D) Government mandates
- **Answer: A**

14. Integrative healthcare combines:

- A) Only conventional medical treatments
- B) Alternative therapies with no scientific basis

- C) Conventional medical treatments with evidence-based complementary therapies
- D) Only alternative treatments
- **Answer: C**

15. Which of the following is an example of alternative medicine?

- A) Chemotherapy
- B) Acupuncture
- C) Antibiotics
- D) MRI scans
- **Answer: B**

16. Scientific research in alternative medicine aims to:

- A) Dismiss alternative practices
- B) Evaluate the effectiveness and safety of various therapies
- C) Replace all conventional treatments
- D) Prove all alternative therapies ineffective
- **Answer: B**

17. Which alternative practice has shown promising results and gained recognition?

- A) Crystal healing
- B) Acupuncture
- C) Psychic surgery
- D) Homeopathy
- **Answer: B**

18. An example of integrative medicine in Pakistan includes:

- A) Exclusive use of herbal treatments
- B) Integration of acupuncture into conventional medical practices
- C) Use of antibiotics only
- D) Avoidance of all alternative therapies
- **Answer: B**

19. A common health issue among the elderly is:

- A) Chicken pox
- B) Gastrointestinal disorders
- C) Sudden infant death syndrome (SIDS)
- D) Acne
- **Answer: B**

20. Race and ethnicity influence health outcomes by:

- A) Equalizing access to healthcare
- B) Predicting life expectancy differences
- C) Eliminating disease disparities
- D) Decreasing the need for medical research

- **Answer: B**

Lesson no 31

1. **According to Durkheim, what defines religion?**
 - A) Sacred rituals
 - B) Everyday activities
 - C) Profane symbols
 - D) The sacred and extraordinary aspects of social life
 - **Answer: D**
2. **How does Durkheim describe the profane?**
 - A) Ordinary, routine activities
 - B) Ritualistic ceremonies
 - C) Sacred and extraordinary
 - D) Supernatural beliefs
 - **Answer: A**
3. **What concept underscores the difference between sacred and profane in different cultures?**
 - A) Divine order
 - B) Cultural relativism
 - C) Ritual practices
 - D) Transcendental beliefs
 - **Answer: B**
4. **In which country are cows considered sacred in Hindu theology?**
 - A) United States
 - B) India
 - C) Pakistan
 - D) United Kingdom
 - **Answer: B**
5. **What is a key role of religion, according to Durkheim?**
 - A) Political organization
 - B) Economic development
 - C) Moral order
 - D) Technological innovation
 - **Answer: C**

Topic: Religious Symbols, Beliefs, and Rituals

6. **What do religious symbols represent?**
 - A) Cultural norms

- B) Scientific principles
 - C) Sacred or transcendent ideas
 - D) Technological advancements
 - **Answer: C**
7. **Which Christian symbols symbolically transform into the body and blood of Christ?**
- A) Bread and water
 - B) Bread and wine
 - C) Fruits and vegetables
 - D) Incense and candles
 - **Answer: B**
8. **What do religious beliefs provide for people?**
- A) Supernatural powers
 - B) Entertainment
 - C) Plans for action
 - D) Ritualistic behaviors
 - **Answer: C**
9. **Which religious expression detaches people from the ordinary and focuses on the sacred?**
- A) Myths
 - B) Legends
 - C) Rituals
 - D) Proverbs
 - **Answer: C**
10. **Which religious ritual signifies a permanent change in social status?**
- A) Seasonal festivals
 - B) Rites of passage
 - C) Collective celebrations
 - D) Private ceremonies
 - **Answer: B**

Topic: The Difference between Religion and Magic

11. **What distinguishes magic from religion?**
- A) Collective nature
 - B) Informal practices
 - C) Formal beliefs
 - D) Manipulation of supernatural forces
 - **Answer: D**
12. **What type of rituals does magic primarily involve?**

- A) Formal and collective
- B) Individual and short-term
- C) Informal and private
- D) Elaborate and doctrinal
- **Answer: B**

13. What aspect of life does religion primarily address?

- A) Short-term objectives
- B) Practical concerns
- C) Ultimate meaning
- D) Individual needs
- **Answer: C**

14. In which settings does magic often operate in contemporary societies?

- A) Cultural rituals
- B) Industrial margins
- C) Educational systems
- D) Scientific domains
- **Answer: B**

15. What do professions like firefighters and police officers often incorporate into their practices?

- A) Religious doctrines
- B) Ethical principles
- C) Magical rituals
- D) Legal regulations
- **Answer: C**

Topic: Global Religious Diversity

16. What system of beliefs emphasizes supernatural forces rather than beings?

- A) Animatism
- B) Animism
- C) Polytheism
- D) Monotheism
- **Answer: A**

17. Which type of religion believes in spirit beings coexisting with humans on another plane?

- A) Animatism
- B) Animism
- C) Polytheism
- D) Monotheism

- **Answer: B**
- 18. **What is the most common form of theism worldwide?**
 - A) Animism
 - B) Polytheism
 - C) Monotheism
 - D) Ethical religions
 - **Answer: C**
- 19. **Which monotheistic religion acknowledges Allah as the supreme deity?**
 - A) Christianity
 - B) Judaism
 - C) Islam
 - D) Hinduism
 - **Answer: C**
- 20. **In which country is Islam the dominant faith?**
 - A) India
 - B) Pakistan
 - C) United States
 - D) United Kingdom
 - **Answer: B**

Lesson No.32

- **According to the functionalist perspective, religion:**
 - A) Promotes social order and cohesion.
 - B) Is a tool of domination by the elite.
 - C) Emphasizes individual interpretations.
 - D) Is a source of conflict between groups.
 - **Answer: A) Promotes social order and cohesion.**
- **Which sociologist viewed religion as essential for social cohesion through collective rituals?**
 - A) Karl Marx
 - B) Max Weber
 - C) Émile Durkheim
 - D) Auguste Comte
 - **Answer: C) Émile Durkheim**

• **Civil religions like Independence Day celebrations in the United States are examples of:**

- A) Conflict resolution through religious means.
- B) Religious rituals supporting government authority.
- C) Religious practices based on ancient traditions.
- D) Cultural adaptations of religious ceremonies.
- **Answer: B) Religious rituals supporting government authority.**

• **What did Karl Marx famously call religion?**

- A) The opium of the masses
- B) The root of all evil
- C) The path to enlightenment
- D) The essence of social order
- **Answer: A) The opium of the masses**

• **According to conflict theorists, religious conflict often arises from:**

- A) Collective rituals.
- B) Shared beliefs.
- C) Dominant groups imposing their beliefs.
- D) Individual interpretations.
- **Answer: C) Dominant groups imposing their beliefs.**

• **Max Weber's study on Protestantism and capitalism highlighted:**

- A) A decline in religious influence on economic practices.
- B) The role of religious ethics in promoting economic growth.
- C) Religious doctrines as hindrances to economic progress.
- D) The rise of Catholicism in industrial economies.
- **Answer: B) The role of religious ethics in promoting economic growth.**

• **How do cults and sects typically respond to conflict with dominant cultures?**

- A) By integrating fully into the dominant culture.
- B) By withdrawing into closed communities.
- C) By engaging in political activism.
- D) By changing their religious doctrines.
- **Answer: B) By withdrawing into closed communities.**

- **The Amish rejection of modern technology and lifestyle is an example of:**
 - A) Religious adaptation.
 - B) Cultural assimilation.
 - C) Sectarian conflict.
 - D) Cultural preservation through religion.
 - **Answer: D) Cultural preservation through religion.**
- **According to interactionists, how do religious beliefs change over time?**
 - A) Through state intervention.
 - B) Through economic reforms.
 - C) Through individual experiences and social interactions.
 - D) Through religious doctrine enforcement.
 - **Answer: C) Through individual experiences and social interactions.**
- **Which perspective emphasizes the role of religious symbols and rituals in promoting social integration?**
 - A) Interactionist perspective
 - B) Functionalist perspective
 - C) Conflict perspective
 - D) Structuralist perspective
 - **Answer: B) Functionalist perspective**
- **Which sociologist argued that religion promotes conformity and acceptance of social inequalities?**
 - A) Karl Marx
 - B) Émile Durkheim
 - C) Max Weber
 - D) Robert Bellah
 - **Answer: A) Karl Marx**
- **Civil religions often associate a nation's institutions with:**
 - A) Scientific progress.
 - B) Divine favor or ultimate plans.
 - C) Socialist ideologies.
 - D) Religious orthodoxy.
 - **Answer: B) Divine favor or ultimate plans.**

• **Which religious group is known for its radical social and economic transformations in Western Europe and America?**

- A) Protestant Puritanism
- B) Catholicism
- C) Buddhism
- D) Hinduism
- **Answer: A) Protestant Puritanism**

• **What role did the Protestant ethic play in early capitalist societies, according to Max Weber?**

- A) It discouraged economic growth.
- B) It encouraged consumption over savings.
- C) It promoted hard work and frugality.
- D) It discouraged individual ambition.
- **Answer: C) It promoted hard work and frugality.**

• **In what way do conflict theorists critique the role of religion in society?**

- A) It promotes social cohesion.
- B) It encourages individualism.
- C) It reinforces power dynamics.
- D) It supports economic equality.
- **Answer: C) It reinforces power dynamics.**

• **How did Karl Marx describe religion's impact on social inequality?**

- A) As a tool of the oppressed to challenge the status quo.
- B) As a means to achieve spiritual enlightenment.
- C) As a source of personal fulfillment.
- D) As a means to maintain the power of the ruling class.
- **Answer: D) As a means to maintain the power of the ruling class.**

• **Which perspective focuses on individual interpretations of religion and their impact on social change?**

- A) Functionalist perspective
- B) Conflict perspective
- C) Interactionist perspective
- D) Symbolic perspective

- **Answer: C) Interactionist perspective**
- **What did Max Weber attribute to the Calvinist doctrine of predestination?**
 - A) It encouraged conformity.
 - B) It promoted social equality.
 - C) It discouraged economic growth.
 - D) It justified hard work and success.
 - **Answer: D) It justified hard work and success.**
- **How do sects and cults typically respond to societal rejection?**
 - A) By integrating fully into mainstream culture.
 - B) By rejecting modern technology.
 - C) By engaging in political activism.
 - D) By withdrawing into closed communities.
 - **Answer: D) By withdrawing into closed communities.**
- **Which concept refers to the adaptation of religious practices and beliefs to fit changing cultural norms?**
 - A) Religious integration
 - B) Cultural adaptation
 - C) Sectarian reform
 - D) Religious conservatism
 - **Answer: B) Cultural adaptation**

Lesson N0.33

1. **What is power according to Max Weber?**
 - A) Ability to use force to achieve goals
 - B) Ability to influence others despite resistance
 - C) Influence gained through wealth
 - D) Authority granted by the state
 - **Answer: B**
2. **Which of the following is NOT a source of power mentioned in the text?**
 - A) Wealth
 - B) Authority
 - C) Physical strength
 - D) Friendship

- **Answer: C**
- 3. **Coercion differs from power in that coercion:**
 - A) Involves social capacity
 - B) Is exercised through political institutions
 - C) Is the actual use of force or threat
 - D) Is more effective in the long run
 - **Answer: C**
- 4. **What term describes the social arrangements that distribute and exercise power?**
 - A) Authority
 - B) Politics
 - C) Government
 - D) Institutions
 - **Answer: D**
- 5. **Which statement best describes authority?**
 - A) It relies on coercion to enforce compliance.
 - B) It is the ability to influence others through social ties.
 - C) It derives from wealth and income.
 - D) It commands obedience willingly or out of duty.
 - **Answer: D**

Government and the State: Function of the State

- 6. **Which function of the state involves the protection of citizens from external threats?**
 - A) Economic regulation
 - B) Justice and legal system
 - C) Providing security
 - D) Diplomacy and foreign relations
 - **Answer: C**
- 7. **Which role of the state involves the regulation of economic activities within its borders?**
 - A) Economic regulation
 - B) Social welfare
 - C) Public services
 - D) Infrastructure development
 - **Answer: A**
- 8. **What function of the state includes the provision of courts and legal procedures?**
 - A) Justice and legal system

- B) Economic regulation
 - C) Social welfare
 - D) Diplomacy and foreign relations
 - **Answer: A**
9. **Which function of the state involves the development and maintenance of critical infrastructure?**
- A) Infrastructure development
 - B) Public services
 - C) Environmental protection
 - D) Crisis response
 - **Answer: A**
10. **What aspect of the state involves managing public safety during emergencies?**
- A) Crisis response
 - B) Taxation and revenue collection
 - C) Providing security
 - D) Diplomacy and foreign relations
 - **Answer: A**

Types of States

11. **Which type of government concentrates power in the hands of a single individual or group?**
- A) Democracy
 - B) Autocracy
 - C) Oligarchy
 - D) Totalitarianism
 - **Answer: B**
12. **Which system of government operates without popular consent and suppresses opposition?**
- A) Democracy
 - B) Totalitarianism
 - C) Authoritarianism
 - D) Oligarchy
 - **Answer: C**
13. **Which form of government seeks to regulate all aspects of people's lives?**
- A) Autocracy
 - B) Totalitarianism
 - C) Democracy

- D) Oligarchy

○ **Answer: B**

14. Which term describes a small group of military leaders who seize power in a coup?

- A) Oligarchy
- B) Totalitarian regime
- C) Authoritarian system
- D) Military junta

○ **Answer: D**

15. Which statement about authoritarian regimes is true?

- A) They always hold fair and competitive elections.
- B) They suppress all forms of dissent.
- C) They are characterized by widespread public participation.
- D) They promote democratic values.

○ **Answer: B**

The Economy and the State: Capitalism

16. Which feature is essential to capitalism according to the text?

- A) Centralized economic planning
- B) Collective ownership of means of production
- C) Pursuit of profit
- D) Government control of prices

○ **Answer: C**

17. In a capitalist economy, who owns the means of production?

- A) Government
- B) Individuals
- C) Corporations
- D) Collective communities

○ **Answer: B**

18. What is a characteristic of laissez-faire capitalism?

- A) Government intervention in the economy
- B) Price controls
- C) Private ownership without regulation
- D) Equal distribution of wealth

○ **Answer: C**

19. Which factor is NOT mentioned as influencing capitalism's growth?

- A) Religious ethics
- B) Profit motive
- C) Social mobility

- D) Government intervention

○ **Answer: D**

20. Which statement about capitalism is supported by Max Weber's ideas?

- A) It requires extensive government control.
- B) It is closely linked to religious beliefs.
- C) It promotes equal distribution of wealth.
- D) It emphasizes profit as a driving force.

○ **Answer: D**

Lesson No.34

1. What are the three essential components of socialism?

- A) Private ownership, market competition, and central planning
- B) Public ownership, decentralized planning, and profit motive
- C) Public ownership, central planning, and profit motive
- D) Private ownership, free market, and government intervention

○ **Answer: C**

2. In a socialist economy, who owns the means of production?

- A) Private individuals
- B) Government
- C) Corporations
- D) Local communities

○ **Answer: B**

3. What determines what goods are produced in a socialist economy?

- A) Demand and supply
- B) Central committee decisions
- C) Consumer preferences
- D) Market competition

○ **Answer: B**

4. What is the primary goal of production in a socialist economy?

- A) Maximizing profit
- B) Meeting consumer demand
- C) Promoting economic growth
- D) Serving public welfare

○ **Answer: D**

5. Which of the following is a criticism often leveled against socialism from a capitalist perspective?

- A) Inefficient resource allocation
- B) Excessive competition
- C) Lack of social safety nets

- D) Overemphasis on private property rights
- **Answer: A**

Topic: The Economy and the State: The Capitalist View of Socialism

6. **According to capitalists, what promotes economic efficiency in capitalism?**
- A) Central planning
 - B) Government subsidies
 - C) Competition and market forces
 - D) Wealth redistribution
 - **Answer: C**
7. **What is a key criticism of socialism from a capitalist perspective regarding innovation?**
- A) It encourages excessive risk-taking
 - B) It stifles entrepreneurship
 - C) It promotes monopolies
 - D) It lacks government support
 - **Answer: B**
8. **What principle does capitalism emphasize regarding individuals who take risks?**
- A) Profit sharing
 - B) Risk and reward
 - C) Government subsidies
 - D) Social welfare
 - **Answer: B**
9. **Which factor do capitalists argue is diminished in socialist economies?**
- A) Market competition
 - B) Government intervention
 - C) Income inequality
 - D) Consumer choice
 - **Answer: A**
10. **What is a primary incentive for individuals and businesses in capitalism, according to capitalists?**
- A) Government subsidies
 - B) Social equality
 - C) Profit motive
 - D) Central planning
 - **Answer: C**

Topic: The Economy and the State: Democratic Socialism

11. What distinguishes democratic socialism from traditional socialism?

- A) Absence of central planning
- B) Emphasis on individualism
- C) Use of democratic processes
- D) Government control of all industries
- **Answer: C**

12. In democratic socialism, what is considered essential for promoting equality?

- A) State ownership of all means of production
- B) Social safety nets and public services
- C) Elimination of private property
- D) Centralized economic planning
- **Answer: B**

13. Which countries are often cited as examples of democratic socialism?

- A) China and Vietnam
- B) Sweden and Denmark
- C) United States and Canada
- D) Russia and Ukraine
- **Answer: B**

14. What is a common critique of democratic socialism from capitalist perspectives?

- A) Lack of social justice
- B) Excessive state intervention
- C) Income inequality
- D) Inefficient resource allocation
- **Answer: B**

15. How does democratic socialism differ from traditional socialism in terms of economic organization?

- A) It promotes central planning
- B) It emphasizes private ownership
- C) It uses market forces for allocation
- D) It combines state and private production
- **Answer: D**

Topic: Political Change: (Institutionalized Political Change, Rebellions, Revolutions)

16. Which process of political change is characterized by gradual adjustments within legal frameworks?
- A) Revolution
 - B) Rebellion
 - C) Institutionalized change
 - D) Coup d'état
 - **Answer: C**
17. What distinguishes rebellions from revolutions in terms of objectives?
- A) Rebellions seek radical transformation
 - B) Revolutions aim for incremental reforms
 - C) Rebellions are violent, revolutions are peaceful
 - D) Revolutions target institutional change
 - **Answer: A**
18. Which form of political change involves a complete overhaul of existing systems and structures?
- A) Rebellions
 - B) Institutionalized change
 - C) Counter-revolution
 - D) Revolution
 - **Answer: D**
19. What historical event in Pakistan illustrates institutionalized political change?
- A) Balochistan conflict
 - B) Zia ul Haq coup
 - C) Pashtun Tahafuz Movement
 - D) Pakistan Peoples Party's rule
 - **Answer: D**
20. Why is understanding political change important for analyzing societies?
- A) To predict economic trends
 - B) To understand power dynamics
 - C) To promote cultural integration
 - D) To enforce international treaties
 - **Answer: B**

Lesson no.35

What is the primary difference between sex and gender?

- A) Sex is biological; gender is social
- B) Sex is social; gender is biological
- C) Both are biological
- D) Both are social

Answer: A

2. According to sociologists, which term refers to socially constructed roles, behaviors, and identities associated with being male or female?

- A) Sex
- B) Identity
- C) Gender
- D) Role

Answer: C

3. How does the binary construction of sex and gender present challenges?

- A) It simplifies human identity
- B) It accommodates diversity of identities
- C) It ignores biological differences
- D) It restricts gender expression

Answer: A

4. Margaret Mead's research in New Guinea suggested that gender differences are primarily influenced by:

- A) Biological factors
- B) Cultural factors
- C) Economic factors
- D) Political factors

Answer: B

5. Which concept suggests that gender is created and reinforced through social interactions and cultural practices?

- A) Gender binary
- B) Gender fluidity
- C) Social construction of gender
- D) Gender dysphoria

Answer: C

6. In the nursery rhyme example provided, what does the line "little girls are made of sugar and spice" illustrate?

- A) Biological differences
- B) Gender stereotypes
- C) Psychological traits
- D) Social equality

Answer: B

7. What does the term "masculinity" typically refer to in sociology?

- A) Characteristics associated with being male
- B) Biological traits of males
- C) Feminine behaviors
- D) Social identities

Answer: A

8. According to Carol Gilligan's research, when do children start feeling pressure to conform to gender stereotypes?

- A) Teenage years
- B) Infancy
- C) Preschool age
- D) Adulthood

Answer: C

9. Which term describes the ideology that one sex is inherently superior or inferior to the other?

- A) Gender dysphoria
- B) Sexism
- C) Gender bias
- D) Gender inequality

Answer: B

10. What does sexism primarily promote within social institutions?

- A) Gender diversity
- B) Gender equality
- C) Gender stereotypes

- D) Gender fluidity

Answer: C

11. In what context does the social construction of gender play a significant role?

- A) Religious practices
- B) Economic development
- C) Educational attainment
- D) Social interactions

Answer: D

12. According to sociological perspectives, what influences gender roles more significantly?

- A) Genetic factors
- B) Cultural norms
- C) Political ideologies
- D) Economic disparities

Answer: B

13. How do traditional gender roles impact societies like Pakistan?

- A) They encourage gender diversity
- B) They limit gender expression
- C) They promote gender equality
- D) They foster cultural integration

Answer: B

14. What is a critique of the binary construction of gender?

- A) It accommodates diversity
- B) It simplifies identities
- C) It enhances cultural understanding
- D) It promotes social equality

Answer: B

15. What does the term "femininity" typically refer to in sociological contexts?

- A) Biological traits of females

- B) Cultural expectations for females
- C) Masculine identities
- D) Social constructs

Answer: B

16. Which concept emphasizes the uniqueness and variability of gender roles across different cultures?

- A) Gender dichotomy
- B) Gender essentialism
- C) Gender diversity
- D) Gender fluidity

Answer: C

17. According to sociological studies, what does the term "gender relations" refer to?

- A) Economic disparities between genders
- B) Social interactions between genders
- C) Biological differences between genders
- D) Political ideologies about gender

Answer: B

18. What is the primary focus of the study of femininities and masculinities?

- A) Biological determinants
- B) Cultural variations
- C) Psychological profiles
- D) Religious affiliations

Answer: B

19. How does understanding gender relations contribute to sociological analysis?

- A) It promotes gender bias
- B) It encourages gender stereotyping
- C) It enhances cultural awareness
- D) It limits social interactions

Answer: C

20. What role does the social construction of gender play in promoting social justice?

- A) It perpetuates inequality
- B) It reinforces stereotypes
- C) It challenges discrimination
- D) It encourages cultural assimilation

Answer: C

Lesson No.36

1. What is a key emphasis of the functionalist perspective on schooling?
 - A) Criticizing societal norms
 - B) Emphasizing cultural rebellion
 - C) Highlighting negative consequences
 - D) Emphasizing positive societal functions
 - **Answer: D**
2. According to functionalists, schools facilitate social integration primarily by:
 - A) Encouraging competition among students
 - B) Teaching cultural values and norms
 - C) Offering job training programs
 - D) Promoting individualistic behavior
 - **Answer: B**
3. The cultural transmission of values in schools refers to:
 - A) Teaching different languages
 - B) Passing on a society's core values
 - C) Teaching vocational skills
 - D) Encouraging artistic expression
 - **Answer: B**
4. Which function of schooling refers to the unintended consequences of education?
 - A) Gate keeping
 - B) Social integration
 - C) Cultural transmission
 - D) Latent functions
 - **Answer: D**
5. Gate keeping in education is related to:
 - A) Promoting social rebellion
 - B) Sorting individuals into different job roles
 - C) Eliminating cultural values

- D) Encouraging school dropouts
- **Answer: B**

Topic: Innovation and Cultural Change

6. What is innovation primarily concerned with?
 - A) Maintaining traditional practices
 - B) Creating new ideas and technologies
 - C) Preserving historical artifacts
 - D) Promoting isolationism
 - **Answer: B**
7. Innovation in education can involve:
 - A) Increasing competition among students
 - B) Using technology in the classroom
 - C) Reducing educational standards
 - D) Eliminating research universities
 - **Answer: B**
8. Educational institutions often balance innovation with:
 - A) Preserving cultural norms
 - B) Reducing student diversity
 - C) Promoting isolationism
 - D) Encouraging economic stagnation
 - **Answer: A**
9. What potential drawback is associated with educational innovation?
 - A) Reinforcing social inequalities
 - B) Limiting technological advancements
 - C) Reducing economic growth
 - D) Eliminating cultural diversity
 - **Answer: A**
10. Innovation in education aims to promote:
 - A) Social stagnation
 - B) Individual isolation
 - C) Economic development
 - D) Cultural regression
 - **Answer: C**

Topic: Postponing Job Hunting

11. Many individuals choose to postpone job hunting in order to:
 - A) Avoid educational opportunities

- B) Pursue personal interests
 - C) Delay economic stability
 - D) Obtain further education
 - **Answer: D**
12. What is a potential drawback of postponing job hunting for education?
- A) Increased job opportunities
 - B) Reduced competition in the job market
 - C) Delayed entry into the workforce
 - D) Higher income potential
 - **Answer: C**
13. Postponing job hunting can lead to:
- A) Immediate financial gains
 - B) Longer resume gaps
 - C) Lower educational qualifications
 - D) Decreased competition in job markets
 - **Answer: B**
14. In Pakistan, higher education is often seen as a means to:
- A) Avoid cultural integration
 - B) Decrease economic stability
 - C) Improve employment opportunities
 - D) Limit social mobility
 - **Answer: C**
15. How does postponing job hunting influence social mobility?
- A) It decreases educational qualifications
 - B) It increases competition in job markets
 - C) It supports individual career development
 - D) It limits economic growth
 - **Answer: C**

Topic: Anticipatory Socialization

16. Anticipatory socialization involves preparing students for:
- A) Current societal norms
 - B) Past educational practices
 - C) Future roles and responsibilities
 - D) Cultural isolation
 - **Answer: C**
17. Parents contribute to anticipatory socialization by:
- A) Encouraging cultural rebellion
 - B) Structuring after-school activities

- C) Discouraging educational attainment
 - D) Promoting job hunting
 - **Answer: B**
18. The primary goal of anticipatory socialization is to:
- A) Reinforce existing inequalities
 - B) Limit educational opportunities
 - C) Prepare individuals for future roles
 - D) Promote cultural diversity
 - **Answer: C**
19. What role does education play in anticipatory socialization?
- A) Reinforcing cultural values
 - B) Limiting social mobility
 - C) Decreasing job opportunities
 - D) Providing vocational training
 - **Answer: A**
20. Anticipatory socialization in Pakistan focuses on preparing students for:
- A) Immediate employment
 - B) Future educational endeavors
 - C) Cultural assimilation
 - D) Various roles in society
 - **Answer: D**

Lesson No 37

1. According to the conflict perspective, social control primarily functions to:
 - A) Promote individual freedom
 - B) Challenge existing power structures
 - C) Maintain social harmony
 - **D) Maintain existing power structures**
2. In the context of the conflict perspective, social control is enforced through:
 - A) Promoting diversity
 - B) Rewarding dissent
 - **C) Coercion and punishment**
 - D) Equal distribution of resources
3. The conflict perspective views social control as a mechanism that:
 - A) Encourages social mobility
 - **B) Suppresses dissent and enforces norms**
 - C) Ensures equal opportunity
 - D) Promotes cultural diversity

4. Scholars in the conflict perspective advocate for resistance against social control to promote:
 - **A) Social justice and equality**
 - B) Cultural assimilation
 - C) Status quo
 - D) Technological advancement
5. Social stratification in education, as viewed from the conflict perspective, results from:
 - A) Equal access to educational resources
 - **B) Unequal access to educational opportunities**
 - C) Uniformity in teaching methods
 - D) Cultural integration

Conflict Perspective: Screening and Allocation

6. Screening and allocation processes in education are criticized by the conflict perspective for:
 - A) Promoting social equality
 - **B) Reproducing social inequalities**
 - C) Enhancing meritocracy
 - D) Fostering diversity
7. According to the conflict perspective, screening and allocation systems:
 - A) Encourage equal opportunity
 - **B) Perpetuate social hierarchies**
 - C) Prioritize non-credential skills
 - D) Minimize competition

Conflict Perspective: Credentialed Society

8. In a credentialed society, the conflict perspective highlights that formal qualifications:
 - A) Diminish social inequalities
 - **B) Reinforce existing social inequalities**
 - C) Promote skill-based hiring
 - D) Ensure universal access to education
9. The role of education in a credentialed society, from the conflict perspective, is to:
 - **A) Legitimize the prevailing social order**
 - B) Challenge traditional norms
 - C) Promote decentralized learning

- D) Enhance critical thinking

Interactionist Perspective: Self-Fulfilling Prophecy

10. The self-fulfilling prophecy, as viewed by the interactionist perspective, occurs when:
- A) External factors shape individual behavior
 - **B) Beliefs about a situation influence behavior to confirm those beliefs**
 - C) Predictions are based solely on academic performance
 - D) Social norms dictate personal success
11. According to the interactionist perspective, self-fulfilling prophecies are primarily influenced by:
- A) Economic factors
 - **B) Expectations and beliefs**
 - C) Government policies
 - D) Cultural practices
12. The Pygmalion effect in education exemplifies:
- A) Teacher-student equality
 - **B) Teacher expectations shaping student performance**
 - C) Uniform academic standards
 - D) Strict educational policies
13. In the context of education, the interactionist perspective emphasizes that labels like "smart" or "troublemaker":
- A) Have minimal impact on student achievement
 - B) Reflect objective assessment criteria
 - **C) Shape student behavior and academic outcomes**
 - D) Are irrelevant to social interactions

Mixed Perspectives

14. Which perspective emphasizes that schools serve to maintain existing power structures through social control?
- A) Functionalism
 - B) Symbolic Interactionism
 - **C) Conflict Theory**
 - D) Rational Choice Theory
15. According to conflict theorists, the hidden curriculum in schools primarily serves to:
- A) Encourage creativity

- **B) Reproduce social inequalities**
 - C) Enhance cultural diversity
 - D) Challenge mainstream norms
16. Conflict theorists argue that educational credentials are:
- A) Irrelevant in modern societies
 - **B) Tools for reproducing social inequalities**
 - C) Independent of social status
 - D) Solely based on merit
17. From the conflict perspective, social control mechanisms in education often:
- A) Promote student autonomy
 - **B) Stifle dissent and enforce conformity**
 - C) Enhance community involvement
 - D) Encourage experimental learning
18. The correspondence principle, as discussed by conflict theorists, highlights that:
- A) Schools should reflect global standards
 - B) Curriculum should be diversified
 - **C) Schooling mirrors the characteristics of society**
 - D) Educational reforms are unnecessary
19. Conflict theorists argue that IQ tests primarily:
- **A) Reflect cultural biases and reinforce social inequalities**
 - B) Ensure fairness in educational assessments
 - C) Are accurate predictors of future success
 - D) Enhance student self-esteem
20. According to conflict theorists, resistance against social control in education is crucial for promoting:
- A) Traditional values
 - **B) Social justice and equality**
 - C) Academic excellence
 - D) Global competitiveness

Lesson No.38

1. **What does fertility rate measure?**
- A) Number of children a woman desires
 - B) Number of live births per woman
 - C) Number of pregnancies per woman
 - D) Number of children per household

Answer: B) Number of live births per woman

2. **Which region has the highest fertility rate globally?**

- A) Eastern Europe
- B) Middle Africa
- C) South Asia
- D) Western Europe

Answer: B) Middle Africa

3. **What is fecundity in the context of fertility?**

- A) Number of live births per woman
- B) Number of children a woman desires
- C) Number of children that women are capable of bearing
- D) Number of children per household

Answer: C) Number of children that women are capable of bearing

4. **Which country has the lowest fertility rate worldwide?**

- A) Niger
- B) Afghanistan
- C) Macao
- D) Guinea-Bissau

Answer: C) Macao

5. **How is the crude birth rate calculated?**

- A) Annual number of deaths per 1,000 population
- B) Annual number of live births per 1,000 population
- C) Annual number of immigrants per 1,000 population
- D) Annual number of emigrants per 1,000 population

Answer: B) Annual number of live births per 1,000 population

Population Dynamics: Mortality

6. **What demographic measure is used to indicate the incidence of death in a population?**

- A) Life expectancy
- B) Crude death rate
- C) Net migration rate
- D) Population growth rate

Answer: B) Crude death rate

7. Which country has the lowest crude death rate?

- A) Swaziland
- B) Kuwait
- C) Qatar
- D) United Arab Emirates

Answer: B) Kuwait

8. What are factors influencing mortality rates?

- A) Access to healthcare and nutrition
- B) Access to contraception
- C) Age at first marriage
- D) A & C only

Answer: A) Access to healthcare and nutrition

9. Which demographic variable is often measured by life expectancy at birth?

- A) Fertility
- B) Mortality
- C) Migration
- D) Population growth

Answer: B) Mortality

10. What does life expectancy at birth indicate?

- A) Average number of children born per woman
- B) Average age at first marriage
- C) Average number of years a person can expect to live
- D) Average number of deaths per 1,000 population

Answer: C) Average number of years a person can expect to live

Population Dynamics: Migration

11. What is the difference between internal migration and international migration?

- A) Internal migration occurs within a country; international migration occurs between countries.

- B) Internal migration occurs between continents; international migration occurs within countries.
- C) Internal migration occurs within a state; international migration occurs within regions.
- D) Internal migration occurs within cities; international migration occurs within rural areas.

Answer: A) Internal migration occurs within a country; international migration occurs between countries.

12. Which country is the world's top destination for immigrants?

- A) China
- B) Russia
- C) United States
- D) Germany

Answer: C) United States

13. What demographic measure represents the difference between immigrants and emigrants per 1,000 people?

- A) Fertility rate
- B) Crude birth rate
- C) Net migration rate
- D) Mortality rate

Answer: C) Net migration rate

14. What are push factors in migration?

- A) Opportunities for education
- B) Better jobs
- C) Political persecution
- D) A & B only

Answer: C) Political persecution

15. What are pull factors in migration?

- A) Poverty
- B) Lack of opportunities
- C) Religious persecution
- D) Opportunities for education and better jobs

Answer: D) Opportunities for education and better jobs

Population Composition and Density

16. What does population composition refer to?

- A) Number of individuals per square mile
- B) Number and types of people classified by characteristics like age and sex
- C) Number of births per 1,000 population
- D) Number of deaths per 1,000 population

Answer: B) Number and types of people classified by characteristics like age and sex

17. Which demographic measure describes how a population is dispersed geographically?

- A) Crude birth rate
- B) Life expectancy
- C) Population density
- D) Net migration rate

Answer: C) Population density

18. What is the sex ratio?

- A) Number of males per 100 females
- B) Number of females per 100 males
- C) Number of children per woman
- D) Number of adults per 1,000 population

Answer: A) Number of males per 100 females

19. Which country has a sex ratio of approximately 95 males per 100 females?

- A) United States
- B) China
- C) India
- D) Russia

Answer: A) United States

20. What demographic tool displays population data based on age and sex?

- A) Age pyramid
- B) Migration map
- C) Fertility chart
- D) Mortality curve

Answer: A) Age pyramid

Lesson No.39

• **Which theory argues that population grows geometrically while food supply increases arithmetically?**

- A) Marxian theory
- B) Demographic transition theory
- C) Malthusian theory
- D) Second Demographic Transition
- **Answer: C**

• **Who wrote the book "An Essay on the Principle of Population" in 1798?**

- A) Thomas Malthus
- B) Paul Ehrlich
- C) Karl Marx
- D) Engels
- **Answer: A**

• **Who is known for his book "The Population Bomb" which revived Malthusian theory in the 20th century?**

- A) Thomas Malthus
- B) Paul Ehrlich
- C) Karl Marx
- D) Engels
- **Answer: B**

• **Which theory emphasizes three stages of population growth: high birth and death rates, high birthrates and low death rates, and low birth and death rates?**

- A) Neo-Malthusian theory

- B) Marxian theory
- C) Demographic transition theory
- D) Anti-Malthusian theory
- **Answer: C**

• **Which stage of demographic transition is characterized by low birth and death rates?**

- A) Stage 1
- B) Stage 2
- C) Stage 3
- D) Stage 4
- **Answer: C**

• **According to Marxian theory, poverty is primarily caused by:**

- A) Overpopulation
- B) Lack of resources
- C) Capitalist economic structure
- D) Inefficient government policies
- **Answer: C**

• **Which theory predicts a future where family structures change, birth rates decline, and there's greater acceptance of non-traditional relationships?**

- A) Marxian theory
- B) Second Demographic Transition
- C) Neo-Malthusian theory
- D) Anti-Malthusian theory
- **Answer: B**

• **The Neo-Malthusians argue that population growth is following which type of curve?**

- A) Arithmetic
- B) Exponential
- C) Geometric
- D) Logarithmic
- **Answer: B**

• **Who believed that each society has its own law of population that determines the consequences of population growth?**

- A) Karl Marx
- B) Paul Ehrlich
- C) Thomas Malthus
- D) Engels
- **Answer: A**

• **Which theory suggests that countries will eventually stabilize population growth after passing through demographic stages?**

- A) Neo-Malthusian theory
- B) Anti-Malthusian theory
- C) Demographic transition theory
- D) Second Demographic Transition
- **Answer: C**

• **Who among the following argued that poverty results from poorly organized society, particularly under capitalism?**

- A) Karl Marx
- B) Thomas Malthus
- C) Paul Ehrlich
- D) Engels
- **Answer: A**

• **Which theory emphasizes the role of modernization in lowering birth and death rates?**

- A) Anti-Malthusian theory
- B) Marxian theory
- C) Second Demographic Transition
- D) Demographic transition theory
- **Answer: D**

• **The demographic transition theory was most applicable to which historical period in Europe?**

- A) Stage 1
- B) Stage 2

- C) Stage 3
- D) Stage 4
- **Answer: B**

• **Who predicted that the world population would reach unsustainable levels by the year 2050 without intervention?**

- A) Thomas Malthus
- B) Paul Ehrlich
- C) Karl Marx
- D) Engels
- **Answer: B**

• **Which theory predicts that poverty is a result of capitalist exploitation rather than population growth?**

- A) Anti-Malthusian theory
- B) Marxian theory
- C) Demographic transition theory
- D) Neo-Malthusian theory
- **Answer: B**

• **The Second Demographic Transition is characterized by:**

- A) Increasing birth rates and stable death rates
- B) Decreasing birth rates and stable death rates
- C) Increasing birth rates and decreasing death rates
- D) Decreasing birth rates and decreasing death rates
- **Answer: D**

• **Who argued that technological advancements could keep pace with population growth, thus avoiding resource scarcity?**

- A) Karl Marx
- B) Thomas Malthus
- C) Paul Ehrlich
- D) Engels
- **Answer: A**

• **Which group believes that the future will resemble Europe's demographic transition, stabilizing population growth globally?**

- A) Marxists
- B) Anti-Malthusians
- C) Neo-Malthusians
- D) Demographers
- **Answer: B**

• **Which theory asserts that population growth will lead to environmental degradation and resource depletion?**

- A) Marxian theory
- B) Second Demographic Transition
- C) Neo-Malthusian theory
- D) Anti-Malthusian theory
- **Answer: C**

• **Who argued that the consequences of population growth are exacerbated by capitalist economic structures?**

- A) Thomas Malthus
- B) Paul Ehrlich
- C) Karl Marx
- D) Engels
- **Answer: C**

Lesson No.40

• **Question:** What term is often used interchangeably with "nature" and refers to the space where human activities intersect with natural systems?

- A) Ecology
- B) Environment
- C) Sociobiology
- D) Anthropocene
- **Answer: B) Environment**

• **Question:** Which concept measures how much of nature's resources an individual or society consumes?

- A) Ecological balance
- B) Ecological footprint
- C) Environmental sustainability
- D) Biodiversity hotspot
- **Answer:** B) Ecological footprint

• **Question:** According to environmental sociology, environmental problems primarily arise from:

- A) Natural catastrophes
- B) Human actions
- C) Climate variability
- D) Ecological imbalances
- **Answer:** B) Human actions

• **Question:** Which sociological perspective emphasizes the interconnectedness of various social institutions and their role in environmental stability or degradation?

- A) Conflict theory
- B) Symbolic interactionism
- C) Structural-functionalism
- D) Ecological modernization
- **Answer:** C) Structural-functionalism

• **Question:** The "Tragedy of the Commons" highlights:

- A) The depletion of common resources due to self-interest
- B) The benefits of communal resource management
- C) The role of governments in resource distribution
- D) The impact of technology on environmental degradation
- **Answer:** A) The depletion of common resources due to self-interest

• **Question:** Sustainable development aims to:

- A) Maximize economic growth without regard to environmental impact
- B) Preserve resources for future generations while promoting economic growth
- C) Eliminate industrialization to protect the environment
- D) Minimize technological advancements to reduce pollution
- **Answer:** B) Preserve resources for future generations while promoting economic growth

• **Question:** Which theory suggests that modern societies are characterized by risks, including environmental risks?

- A) Conflict theory
- B) Ecological modernization
- C) Risk society theory
- D) Symbolic interactionism
- **Answer:** C) Risk society theory

• **Question:** In Pakistan, which environmental issue is exacerbated by unregulated coal energy adoption and urbanization?

- A) Air pollution
- B) Deforestation
- C) Land degradation
- D) Climate change
- **Answer:** A) Air pollution

• **Question:** Water scarcity in Pakistan is primarily exacerbated by:

- A) Glacial melting
- B) Mismanagement and climate change
- C) Industrial pollution
- D) Desertification
- **Answer:** B) Mismanagement and climate change

• **Question:** The illegal trade in wildlife in Pakistan contributes to:

- A) Land degradation
- B) Air pollution
- C) Loss of biodiversity
- D) Climate change
- **Answer:** C) Loss of biodiversity

• **Question:** Human ecology examines how human activities such as population growth and urbanization affect:

- A) Technological advancements
- B) Environmental systems
- C) Political institutions
- D) Economic structures

- **Answer:** B) Environmental systems
- **Question:** Which theory focuses on power dynamics and social inequalities in the distribution of environmental resources and risks?
 - A) Structural-functionalism
 - B) Conflict theory
 - C) Ecological modernization
 - D) Human ecology
 - **Answer:** B) Conflict theory
- **Question:** The concept of sustainable development emphasizes:
 - A) Maximizing resource extraction
 - B) Meeting current needs without compromising future generations
 - C) Abandoning economic growth for environmental protection
 - D) Limiting technological advancements
 - **Answer:** B) Meeting current needs without compromising future generations
- **Question:** Societal risk perceptions are influenced by:
 - A) Environmental regulations
 - B) Technological innovations
 - C) Media coverage
 - D) Economic growth
 - **Answer:** C) Media coverage
- **Question:** According to risk society theory, modern societies are characterized by:
 - A) Technological advancements
 - B) Economic disparities
 - C) Various risks, including environmental risks
 - D) Political instability
 - **Answer:** C) Various risks, including environmental risks
- **Question:** Air pollution in Pakistan is primarily caused by:
 - A) Industrial pollution and vehicular emissions
 - B) Deforestation and desertification

- C) Climate change and glacial melting
 - D) Water mismanagement and scarcity
 - **Answer:** A) Industrial pollution and vehicular emissions
- **Question:** The "limits to growth" concept suggests that:
 - A) Economic growth should be maximized regardless of environmental consequences
 - B) There are ecological boundaries to unchecked growth
 - C) Technological advancements can solve all environmental problems
 - D) Governments should regulate all aspects of human activity
 - **Answer:** B) There are ecological boundaries to unchecked growth
 - **Question:** Deforestation in Pakistan is primarily driven by:
 - A) Climate change impacts
 - B) Urban development and agriculture expansion
 - C) Industrialization and technological advancements
 - D) Population growth
 - **Answer:** B) Urban development and agriculture expansion
 - **Question:** Sustainable development aims to achieve economic growth while:
 - A) Ignoring environmental impacts
 - B) Maximizing resource exploitation
 - C) Protecting animal species and biodiversity
 - D) Expanding industrial activities
 - **Answer:** C) Protecting animal species and biodiversity
 - **Question:** Environmental sociology primarily focuses on:
 - A) Maximizing resource extraction
 - B) Studying the interaction between society and the environment
 - C) Promoting technological advancements
 - D) Eliminating economic growth
 - **Answer:** B) Studying the interaction between society and the environment

• **What is social change?**

- A. A sudden and unexpected shift in societal values
- B. A process involving alterations in social behaviors and institutions over time
- C. A cyclical pattern of change throughout history
- D. A micro-level phenomenon of individual decision-making

Answer: B

• **Which type of change involves small, rapid changes in everyday interactions?**

- A. Macro-change
- B. Evolutionary change
- C. Cyclical change
- D. Micro-change

Answer: D

• **According to cyclical approaches to social change, what dominates people's thinking before the Industrial Revolution?**

- A. Linear views
- B. Biological metaphors
- C. Natural cycles
- D. Religious doctrines

Answer: C

• **Which sociological perspective emphasizes social solidarity as a key factor in maintaining social order during industrialization?**

- A. Conflict perspective
- B. Functionalist perspective
- C. Evolutionary perspective
- D. Cyclical perspective

Answer: B

• **Who among the following theorists proposed that societies progress through theological, metaphysical, and positivistic stages?**

- A. Karl Marx
- B. Herbert Spencer
- C. Auguste Comte
- D. Émile Durkheim

Answer: C

• **Which perspective emphasizes tensions and conflicts among social classes as the driving force of social change?**

- A. Evolutionary perspective
- B. Functionalism
- C. Conflict perspective
- D. Cyclical perspective

Answer: C

• **What is a characteristic of contemporary perspectives on social change?**

- A. A focus on single-factor explanations
- B. Emphasis on internal factors only
- C. Recognition of complex interactions among multiple factors
- D. Disregard for technological advancements

Answer: C

• **Which factor is considered a source of social change due to its ability to enhance surveillance and control?**

- A. Physical environment
- B. Technology
- C. Population changes
- D. Cultural innovation

Answer: B

• **What are organized, goal-directed efforts by a large number of people to promote or resist change outside established institutions called?**

- A. Social institutions
- B. Social networks
- C. Social movements
- D. Social structures

Answer: C

• **Which movement is cited as an example that led to significant environmental and personal changes among its participants?**

- A. Civil rights movement
- B. Feminist movement
- C. Environmental protest movement in rural Kentucky
- D. Solidarity movement in Poland

Answer: C

• **According to Boswell and Dixon, what may increase as nations modernize and income inequality grows?**

- A. Economic stability
- B. Political conservatism
- C. Protests and rebellions
- D. Cultural assimilation

Answer: C

• **Which theoretical perspective would most likely view social movements as responses to perceived injustices and inequalities?**

- A. Functionalist perspective
- B. Conflict perspective
- C. Evolutionary perspective
- D. Interactionist perspective

Answer: B

• **What concept emphasizes that societies move from simple to complex forms over time, akin to biological evolution?**

- A. Cyclical change

- B. Evolutionary change
- C. Micro-change
- D. Macro-change

Answer: B

• Which perspective emphasizes that societies move through predictable stages from savagery to civilization?

- A. Cyclical perspective
- B. Evolutionary perspective
- C. Functionalism
- D. Conflict perspective

Answer: B

• Which sociologist believed that cultural diffusion plays a crucial role in social change by introducing new ideas and values?

- A. Pitirim Sorokin
- B. Émile Durkheim
- C. Herbert Spencer
- D. Auguste Comte

Answer: A

• What has been a significant force for social change since the Industrial Revolution due to its impact on economic production?

- A. Cultural innovation
- B. Physical environment
- C. Technology
- D. Population changes

Answer: C

• According to Marx, what serves as the foundation for the social order and is a source of tension and conflict?

- A. Technology
- B. Political ideology

- C. Economic base
- D. Cultural values

Answer: C

• **Which movement emphasized solidarity and collective action to challenge oppressive regimes?**

- A. Civil rights movement
- B. Environmental movement
- C. Feminist movement
- D. Solidarity movement in Poland

Answer: D

• **Which perspective argues that elites often resist change to maintain their privileges and power?**

- A. Interactionist perspective
- B. Functionalist perspective
- C. Conflict perspective
- D. Evolutionary perspective

Answer: C

• **What is a key characteristic of social movements that distinguishes them from everyday forms of collective behavior?**

- A. They involve informal, spontaneous actions.
- B. They aim to reinforce established norms.
- C. They are organized and goal-directed.
- D. They focus exclusively on economic issues.

Answer: C

Lesson NO.42

- **What is global social change?**

- A) Change that occurs within a single society
- B) Change that occurs across societies worldwide
- C) Change limited to economic factors
- D) Change driven solely by political movements
- **Answer: B) Change that occurs across societies worldwide**

- **Which of the following is NOT a factor contributing to global social change?**

- A) Economic globalization
- B) Technological advancements
- C) Political stability
- D) Environmental challenges
- **Answer: C) Political stability**

- **Social crises are characterized by:**

- A) Stability and normal functioning
- B) Innovation and progress
- C) Instability and upheaval
- D) Economic growth
- **Answer: C) Instability and upheaval**

- **Which historical event led to significant social crises in Western societies due to rapid urbanization and industrialization?**

- A) The Renaissance
- B) The French Revolution
- C) The Industrial Revolution
- D) The Enlightenment
- **Answer: C) The Industrial Revolution**

- **Which sociologist highlighted the role of political change as a catalyst for social crises, citing examples like the Arab Spring?**

- A) Max Weber
- B) Karl Marx
- C) Emile Durkheim
- D) None of the above

- **Answer: D) None of the above**
- **Resistance to social change often arises when:**
 - A) Change is gradual and inclusive
 - B) Change challenges established norms
 - C) Change benefits all societal groups equally
 - D) None of the above
 - **Answer: B) Change challenges established norms**
- **Which factor is NOT considered a source of social change?**
 - A) Invention
 - B) Diffusion
 - C) Resistance
 - D) Discovery
 - **Answer: C) Resistance**
- **Demographic changes influencing social dynamics include:**
 - A) Decreasing life expectancy
 - B) Rural to urban migration
 - C) Homogeneous population growth
 - D) Limited mobility
 - **Answer: B) Rural to urban migration**
- **Which is an example of technological advancement as an external source of social change?**
 - A) Increased birth rates
 - B) Industrialization
 - C) Internet adoption
 - D) None of the above
 - **Answer: C) Internet adoption**
- **Cultural exchange and media influence social change primarily through:**
 - A) Economic growth
 - B) Technological advancement
 - C) Diffusion of ideas
 - D) Political stability

- **Answer: C) Diffusion of ideas**
- **Which external factor can drive shifts in social norms and behaviors?**
 - A) Environmental change
 - B) Economic recessions
 - C) Government policies
 - D) All of the above
 - **Answer: D) All of the above**
- **Which sociologist emphasized the role of ideas in driving social change, such as the Protestant work ethic influencing industrial capitalism?**
 - A) Emile Durkheim
 - B) Max Weber
 - C) Karl Marx
 - D) Herbert Spencer
 - **Answer: B) Max Weber**
- **According to Karl Marx, what is the primary driver of social change in industrial-capitalist societies?**
 - A) Economic growth
 - B) Class conflict
 - C) Cultural diffusion
 - D) Political stability
 - **Answer: B) Class conflict**
- **Which historical event exemplifies social change driven by conflict over inequality and oppression?**
 - A) The French Revolution
 - B) The Scientific Revolution
 - C) The Industrial Revolution
 - D) The Renaissance
 - **Answer: A) The French Revolution**
- **Global social change underscores the need for:**
 - A) Isolationism
 - B) International cooperation

- C) Political conflict
- D) Technological monopolies
- **Answer: B) International cooperation**

• **Which factor contributes significantly to social change in Pakistan?**

- A) Political isolationism
- B) Educational expansion
- C) Technological regression
- D) Economic stagnation
- **Answer: B) Educational expansion**

• **Which aspect of social change in Pakistan has been influenced by its identity as an Islamic state?**

- A) Technological advancements
- B) Women's rights advocacy
- C) Healthcare improvements
- D) Political instability
- **Answer: B) Women's rights advocacy**

• **Which external source of social change is driven by international conflicts and alliances?**

- A) Economic globalization
- B) Cultural diffusion
- C) Technological advancements
- D) International relations
- **Answer: D) International relations**

• **What role do educational institutions play in social change?**

- A) They resist social change
- B) They introduce new ideas and perspectives
- C) They promote cultural isolation
- D) They advocate for economic stagnation
- **Answer: B) They introduce new ideas and perspectives**

• **Which concept did Max Weber emphasize as a crucial factor in social change?**

- A) Class conflict
- B) Cultural diffusion
- C) Ideas and charisma
- D) Technological innovation
- **Answer: C) Ideas and charisma**

Lesson no 43

- **What is collective behavior characterized by?**
 - A) Highly structured organization
 - B) Long-term planning
 - C) Spontaneity and temporary nature
 - D) Strict adherence to societal norms
 - **Answer: C (Spontaneity and temporary nature)**
- **Which of the following is an example of collective behavior?**
 - A) Annual charity fundraisers
 - B) Regular board meetings
 - C) Flash mobs
 - D) Weekly religious services
 - **Answer: C (Flash mobs)**
- **Which theory suggests that collective behavior emerges due to a disconnect between cultural goals and institutionalized means to achieve them?**
 - A) Convergence theory
 - B) Emergent norm theory
 - C) Structural strain theory
 - D) Value-added theory
 - **Answer: C (Structural strain theory)**
- **According to contagion theory, collective behavior is influenced by:**
 - A) Rational decision-making processes
 - B) Emotional contagion and anonymity
 - C) Structural conditions
 - D) Government policies
 - **Answer: B (Emotional contagion and anonymity)**

• Which type of collective behavior involves people dispersed over a wide geographical area but influenced by the same information or communication medium?

- A) Crowds
- B) Masses
- C) Fads
- D) Rumors
- **Answer: D** (Rumors)

• Fads are characterized by:

- A) Long-lasting popularity
- B) High cultural significance
- C) Rapid adoption and short duration
- D) Resistance to change
- **Answer: C** (Rapid adoption and short duration)

• Which of the following is not a type of social movement?

- A) Reform
- B) Utopian
- C) Resistance
- D) Fad
- **Answer: D** (Fad)

• Resource mobilization theory emphasizes that social movements succeed primarily due to:

- A) Widespread discontent among the population
- B) Effective mobilization of resources like leadership and media coverage
- C) Ideological purity
- D) Government support
- **Answer: B** (Effective mobilization of resources like leadership and media coverage)

• Which stage of social movements involves the emergence of leaders and initial articulation of issues?

- A) Resource mobilization
- B) Organization

- C) Initial unrest and agitation
- D) Decline and death
- **Answer: C** (Initial unrest and agitation)

• **Mass hysteria is characterized by:**

- A) Rational decision-making under stress
- B) A collective emotional reaction causing panic
- C) Planned and organized protests
- D) Long-term societal impact
- **Answer: B** (A collective emotional reaction causing panic)

• **Social tolerance refers to:**

- A) Embracing diversity and respecting differences
- B) Enforcing strict social norms
- C) Excluding minority groups
- D) Promoting uniformity in society
- **Answer: A** (Embracing diversity and respecting differences)

• **Which theory suggests that social movements arise from a sense of relative deprivation?**

- A) Resource mobilization theory
- B) Contagion theory
- C) Relative deprivation theory
- D) Emergent norm theory
- **Answer: C** (Relative deprivation theory)

• **Which of the following is an example of a reform movement?**

- A) Anti-globalization protests
- B) Civil rights movement in the US
- C) Utopian communities
- D) Revolutionary overthrow of a government
- **Answer: B** (Civil rights movement in the US)

• **According to value-added theory, which condition increases the likelihood of collective behavior?**

- A) Strong social controls

- B) Structural conduciveness
- C) Generalized beliefs
- D) Institutionalization
- **Answer: B** (Structural conduciveness)

• **What distinguishes fashions from fads?**

- A) Fashions are long-lasting, while fads are short-lived
- B) Fashions are unpopular, while fads are widely adopted
- C) Fashions involve large segments of the population, while fads involve small segments
- D) Fashions are irrational, while fads are rational
- **Answer: A** (Fashions are long-lasting, while fads are short-lived)

• **Which theory emphasizes the importance of emergent norms in shaping collective behavior?**

- A) Contagion theory
- B) Convergence theory
- C) Emergent norm theory
- D) Value-added theory
- **Answer: C** (Emergent norm theory)

• **Which stage of social movements involves the creation of bureaucratic structures?**

- A) Initial unrest and agitation
- B) Resource mobilization
- C) Organization
- D) Institutionalization
- **Answer: D** (Institutionalization)

• **What is the primary role of social movements?**

- A) Upholding status quo
- B) Introducing chaos in society
- C) Resisting change
- D) Promoting or resisting change outside established institutions
- **Answer: D** (Promoting or resisting change outside established institutions)

• Which concept relates to the capacity to understand and relate to others' emotions and perspectives?

- A) Social tolerance
- B) Social intelligence
- C) Social control
- D) Social facilitation
- **Answer: B** (Social intelligence)

• Which form of collective behavior involves unverified information spread through word of mouth?

- A) Fads
- B) Masses
- C) Rumors
- D) Riots
- **Answer: C** (Rumors)

Lesson NO.44,45

1. Which of the following characterizes hunting and gathering societies?

- A) Reliance on agriculture
- B) Utilization of domesticated animals
- C) Dependence on hunting, fishing, and gathering
- D) Development of advanced technologies
- **Answer: C**

2. What distinguishes non-industrial civilizations or traditional states?

- A) High inequality of wealth and power
- B) Minimal use of writing and technology
- C) Reliance solely on hunting and gathering
- D) Absence of social hierarchy
- **Answer: A**

3. When did larger agrarian societies emerge?

- A) 20,000 years ago
- B) 6,000 BCE
- C) 1,000 CE
- D) 10,000 BCE
- **Answer: B**

4. Which region is noted for the earliest civilizations based on fertile river areas?

- A) North America
- B) Middle East
- C) Central Asia
- D) South America
- **Answer: B**

Topic: The Modern World: Industrialized Societies

5. **Which economic shift characterizes industrialized societies?**
 - A) From pastoral to agrarian economies
 - B) From agrarian to industrial economies
 - C) From industrial to pastoral economies
 - D) From traditional to non-industrial economies
 - **Answer: B**
6. **What is a hallmark of industrialized societies regarding urbanization?**
 - A) Decreasing population in cities
 - B) Rural migration to suburban areas
 - C) Significant rural populations
 - D) Concentration of population in cities
 - **Answer: D**
7. **What does Giddens emphasize as a key characteristic of industrialized societies?**
 - A) Reliance on subsistence agriculture
 - B) Limited technological innovation
 - C) Advanced healthcare systems
 - D) Low economic prosperity
 - **Answer: C**
8. **What societal feature is a result of industrialization according to the overview?**
 - A) Decreased emphasis on education
 - B) Less cultural diversity
 - C) Limited political stability
 - D) Enhanced globalization
 - **Answer: D**

Topic: Change in the Modern Period

9. **What are significant cultural influences fostering social change in modern times?**
 - A) Development of science and secularization

- B) Preservation of traditional customs
- C) Resistance to technological advances
- D) Emphasis on traditional political systems
- **Answer: A**

10. Which economic factor differentiates capitalism from traditional production systems?

- A) Static production levels
- B) Accumulation of wealth and production expansion
- C) Decreased reliance on technology
- D) Minimal state interference in production
- **Answer: B**

11. What characterizes political influences in the modern period according to Giddens?

- A) Limited government role in economic growth
- B) Exclusively elite-driven political changes
- C) Significant impact on economic development
- D) Minimal influence on international affairs
- **Answer: C**

12. Which societal aspect is a result of modern political systems?

- A) Lower levels of state interference
- B) Stable economic growth rates
- C) Limited political decision-making impact
- D) High involvement in public life
- **Answer: D**

Topic: Understanding Late Modern Societies

13. What are key characteristics of late modern societies?

- A) Isolationism and cultural uniformity
- B) Technological regression and traditionalism
- C) Complexity and globalization
- D) Agricultural focus and lack of identity diversity
- **Answer: C**

14. What issue is often grappled with in late modern societies?

- A) Technological stagnation
- B) Economic isolation
- C) Cultural homogeneity
- D) Political polarization
- **Answer: D**

Topic: Post Modern Theory: Michel Foucault

15. What does Foucault emphasize in his social theory?

- A) Preservation of traditional institutions
- B) Critical analysis of modern institutions
- C) Emphasis on global governance
- D) Support for state surveillance
- **Answer: B**

16. Which term best describes Foucault's method of analyzing social systems?

- A) Structuralism
- B) Archaeology
- C) Functionalism
- D) Post-structuralism
- **Answer: B**

17. What is a central theme in Foucault's critique of modern institutions?

- A) Promotion of individual liberty
- B) Control and surveillance
- C) Protection of traditional norms
- D) Advancement of global governance
- **Answer: B**

Topic: Post Modern Theory: Jürgen Habermas

18. What is a focus of Habermas's theory of communicative action?

- A) Use of reason for strategic social control
- B) Emphasis on irrational sources of action
- C) Expansion of economic inequalities
- D) Critique of global economic integration
- **Answer: A**

19. What societal challenge has led Habermas to revise his views on reason and modernity?

- A) Technological stagnation
- B) Economic inequality
- C) Political isolationism
- D) Cultural uniformity
- **Answer: B**

20. What term does Habermas use to describe the ongoing presence of religion in modern societies?

- A) Post-secular society

- B) Secularization theory
- C) Religious deconstruction
- D) Cultural pluralism
- **Answer: A**

Topic: Post Modern Theory: Ulrich Beck

21. What does Ulrich Beck propose characterizes the "second modernity"?

- A) Dependence on traditional customs
- B) Risk society and global institutions
- C) Isolation from global networks
- D) Technological stagnation
- **Answer: B**

22. How does Beck view the management of risk in the global order?

- A) As chaotic and lacking patterns
- B) As characterized by tradition and customs
- C) As stable and predictable
- D) As uncertain and requiring attention
- **Answer: D**

Topic: Post Modern Theory: Manuel Castells

23. What does Castells identify as central to the "Network Society"?

- A) Power within hierarchical structures
- B) Influence of traditional nation-states
- C) Control over geographical locations
- D) Power within networks of information
- **Answer: D**

24. Which aspect of global connections does Castells emphasize?

- A) National boundaries as barriers
- B) Geographic locations as dominant
- C) Networked information as significant
- D) Isolationism from global trends
- **Answer: C**

Topic: Post Modern Theory: Anthony Giddens

25. What concept did Giddens introduce to explain the relationship between structure and agency?

- A) Disembodying
- B) Reflexivity

- C) Structuration
- D) Post-structuralism
- **Answer: C**

26. What does Giddens emphasize regarding social systems in postmodern theory?

- A) Stability and rigidity
- B) Disconnection from global trends
- C) Co-constitution and re-creation
- D) Dependence on traditional norms
- **Answer: C**

Topic: Postmodernism and Pakistan

27. How does postmodernism critique grand narratives in sociology?

- A) By advocating for unified perspectives
- B) By dismissing cultural pluralism
- C) By emphasizing complex societal perspectives
- D) By promoting isolationist ideologies
- **Answer: C**

28. What characterizes the mosaic of cultures in Pakistan according to postmodernism?

- A) A singular national culture
- B) Diverse ethnic and regional identities
- C) Lack of cultural diversity
- D) Uniformity in religious beliefs
- **Answer: B**

29. How has media in Pakistan changed in alignment with postmodern principles?

- A) Decreased diversity of viewpoints
- B) Increased state-controlled narratives
- C) Greater pluralism and alternative viewpoints
- D) Reduced influence of global trends
- **Answer: C**

30. Which theoretical viewpoint describes Pakistani society as a simulacrum?

- A) Structuralism
- B) Functionalism
- C) Post-structuralism
- D) Post-colonialism
- **Answer: C**
