Question # 9 of 10 (Start time: 03:06:50 PM, 28 May 2024)

The _____ technique is used to find the FQDN associated with an IP address.

Select the correct option

●	DNS lookup
○	Reverse DNS Lookup
○	Forward DNS lookup
○	Address lookup

IT601P - System and Network Administration (Practical) (Graded Quiz -2)

Question # 6 of 10 (Start time: 03:04:46 PM, 28 May 2024)

A digital certificate can be used for all of the given except _____.

Select the correct option

◉	Authentication
○	Decryption
○	Encryption
○	Compresson

Question # 5 of 5 (Start time: 01:08:34 PM, 23 May 2024)

Consider you are in the home directory, what will be effect if you execute the following command.

cd ../..

Select the correct option

○	You will be moved to the hidden directory ../
○	You will remain in the current directory
○	You will be moved to the root directory
○	It is an Invalid command

IT601P - System and Network Administration (Practical) (Graded Quiz -2)

Question # 2 of 10 (Start time: 03:01:33 PM, 28 May 2024)

Which of the following commands will print the architecture of the server.

Select the correct option

○	echo "$(dpkg print architecture)"
○	echo "$(dpkg -architecture)"
○	echo "$(dpkg --architecture)"
◉	echo "$(dpkg --print architecture)"

IT601P - System and Network Administration (Practical) (Graded Quiz -2)

Question # 8 of 10 (Start time: 03:05:51 PM, 28 May 2024)

OpenPGP is defined by _____ in _____.

Select the correct option

◉	IETF, RFC4880
○	IEEE, 802.16
○	IEEE, 802.11
○	IETF, RFC4440

Question # 1 of 10 (Start time: 07:43:17 PM, 03 May 2024)

myFolder/myLab/ex1.txt is an example of _____

Select the correct option

○	Invalid path
○	Virtual path
○	Relative path ✓
○	Absolute path

IT601P - System and Network Administration (Practical) (Ungraded Quiz (3/4))

Question # 8 of 10 (Start time: 07:51:22 PM, 03 May 2024)

Select the correct option which repersents the world-writeable permissions.

Select the correct option

- 0777
- 0750
- 0000
- 0555

Question # 3 of 10 (Start time: 07:45:44 PM, 03 May 2024)

Consider you are in the home directory, what will be effect if you execute the following command.

cd ../.

Select the correct option

- ○ You will be moved to the root directory
- ○ You will remain in the current directory
- ○ It is an invalid command ✔
- ○ You will be moved to the hidden directory ../
