

ENG522: Applied Linguistics & Language Dynamics by Natasha study zone

Section 1: Gender, Identity, aur Muashrah

Linguistics mein hum "Insaan" aur uski "Identity" ko kaisay dekhte hain?

- **Gender vs. Sex:** Sex biological hota hai (Male/Female), jabke **Gender** muashray ka banaya hua role hai (Masculine/Feminine).
 - **Genderlect:** Deborah Tannen ka concept ke mard aur aurat mukhtalif "Dialects" bolte hain (e.g., auratein connection ke liye, mard status ke liye).
 - **Habitus (Pierre Bourdieu):** Ye hamari wo aadatein aur sochne ka andaz hai jo hum bachpan se apne mahool se seekhte hain. Ye batata hai ke hum muashray mein kahan fit hotay hain.
 - **Agency & Identity:** Agency ka matlab hai learner ka apna ikhtiyar aur willpower ke wo apni identity kaisay "Co-construct" (doosron ke sath mil kar banana) karta hai.
-

Section 2: Critical Applied Linguistics (CAL)

Ye subject ka wo hissa hai jo "Power" aur "Politics" ki baat karta hai.

- **Domains of CAL:** 1. Literacy, 2. Pedagogy, 3. Translation, 4. Language Policy, 5. Workplace communication.
 - **Pennycook's View:** Alastair Pennycook ke mutabiq Applied Linguistics ko sirf zaban parhanay tak mehdood nahi hona chahiye balkay muashray ki inequality ko khatam karna chahiye.
-

Section 3: Cognitive & Language Loss

Zaban dimaagh mein kaisay rehti hai aur kaisay khatam hoti hai?

- **Language Attrition:** Zaban ka bhool jana (use na honay ki wajah se). **Types:** 1. L1 attrition (apni zaban bhoolna), 2. L2 attrition (seekhi hui zaban bhoolna). **Causes:** Age, lack of use, aur social pressure.
 - **Linguistic Relativity (Sapir-Whorf):** Iska matlab hai ke hamari zaban hamari sochne ki kabliyat ko mutasir karti hai.
 - **Memory & Inference:** Hum zaban ko yaad (Memory) rakhte hain aur context se matlab nikalte hain (Inference).
-

Section 4: Discourse & Grammar

- **Ellipsis & Substitution:** * **Ellipsis:** Lafz chor dena (e.g., "A: Ready? B: Yes").
 - **Substitution:** Aik lafz ki jagah doosra lafz lagana (e.g., "I like this pen. I will buy **this one**").
 - **Difference from Reference:** Reference kisi purani baat ki taraf ishara karta hai, jabke substitution aik lafz ko replace karta hai.
 - **Affective Tags:** Ye wo chotay sawal hain jo emotions ke liye hotay hain. **Types:** 1. Facilitative (baat barhane ke liye), 2. Softening (ghussa thanda karne ke liye).
-

Section 5: Language Planning (Haugen's Model)

Haugen ne bataya ke jab koi mulk apni zaban ko "National" ya "Standard" banata hai, toh wo 4 steps se guzarta hai:

1. **Selection:** Zaban ka chunao.
 2. **Codification:** Rules aur Dictionary banana.
 3. **Implementation:** School aur offices mein lagu karna.
 4. **Elaboration:** Naye alfaz (Science/Tech) shamil karna.
-

Section 6: CALL & CMC

- **CALL (Computer-Assisted Language Learning):** Programs jaise spelling checkers, language games, aur online exercises.
 - **Multimodal Texts:** Wo texts jin mein sirf likhaai nahi balkay images, videos, aur links bhi hon (e.g., a web page).
 - **CMC (Computer-Mediated Communication):** WhatsApp, Email, aur Video chat ke zariye rabta.
-

Extra Knowledge Bits:

- **Sociolinguistics vs. Sociology of Language:** **Sociolinguistics** zaban par focus karta hai (zaban muashray ko kaisay badalti hai), jabke **Sociology of Language** muashray par focus karta hai (muashray zaban ko kaisay badalta hai).
- **Standardized Test Batteries:** Tests ka aik aisa set jo her bache ki proficiency ko aik hi tarah se measure kare.
