SOC609 - Qualitative Research Methods (Quiz 2) **Total Questions :10**

Please read the following instructions carefully!

1. Quiz will be based upon Multiple Choice Questions (MCQs).

2. You have to attempt the quiz online. You can start attempting the quiz any time within given date(s) of a particular subject by clicking the link for Quiz in VULMS.

3. Each question has a fixed time of 90 seconds. So you have to save your answer before 90 seconds. But due to unstable internet speeds, it is recommended that you should save your answer within 80 seconds. While attempting a question, keep an eye on the remaining time.

4. Attempting quiz is unidirectional. Once you move forward to the next question, you can not go back to the previous one. Therefore before moving to the next question, make sure that you have selected the best option.

5. **DO NOT** press **Back Button** / **Backspace Button** while attempting a question, otherwise you will lose that question.

6. **DO NOT** refresh the page unnecessarily, **specially** when following messages appear
   Saving...
   Question Timeout. Now loading next question...

7. **Javascript MUST be enabled** in your browser; otherwise you will not be able to attempt the quiz.

8. If for any reason, you lose access to internet (like power failure or disconnection of Internet), you will be able to attempt the quiz again from the question next to the last shown question. But remember that you have to complete the quiz before expiry of the deadline.

9. If any student failed to attempt the quiz in given time then no re-take or offline quiz will be held.

Important Announcement

1. It has come to the University's knowledge that some students are using unfair means while attempting their quiz.

2. The University is monitoring & analyzing the quiz attempts and if a student is found involved in using unfair means, i.e., helping tools/software, Web Extension, Add-ons etc., an Unfair Means Case (UMC) will be made against such student(s) including cancellation of their quiz.

Quiz Duration: 7 Minute(s), 30 Second(s)

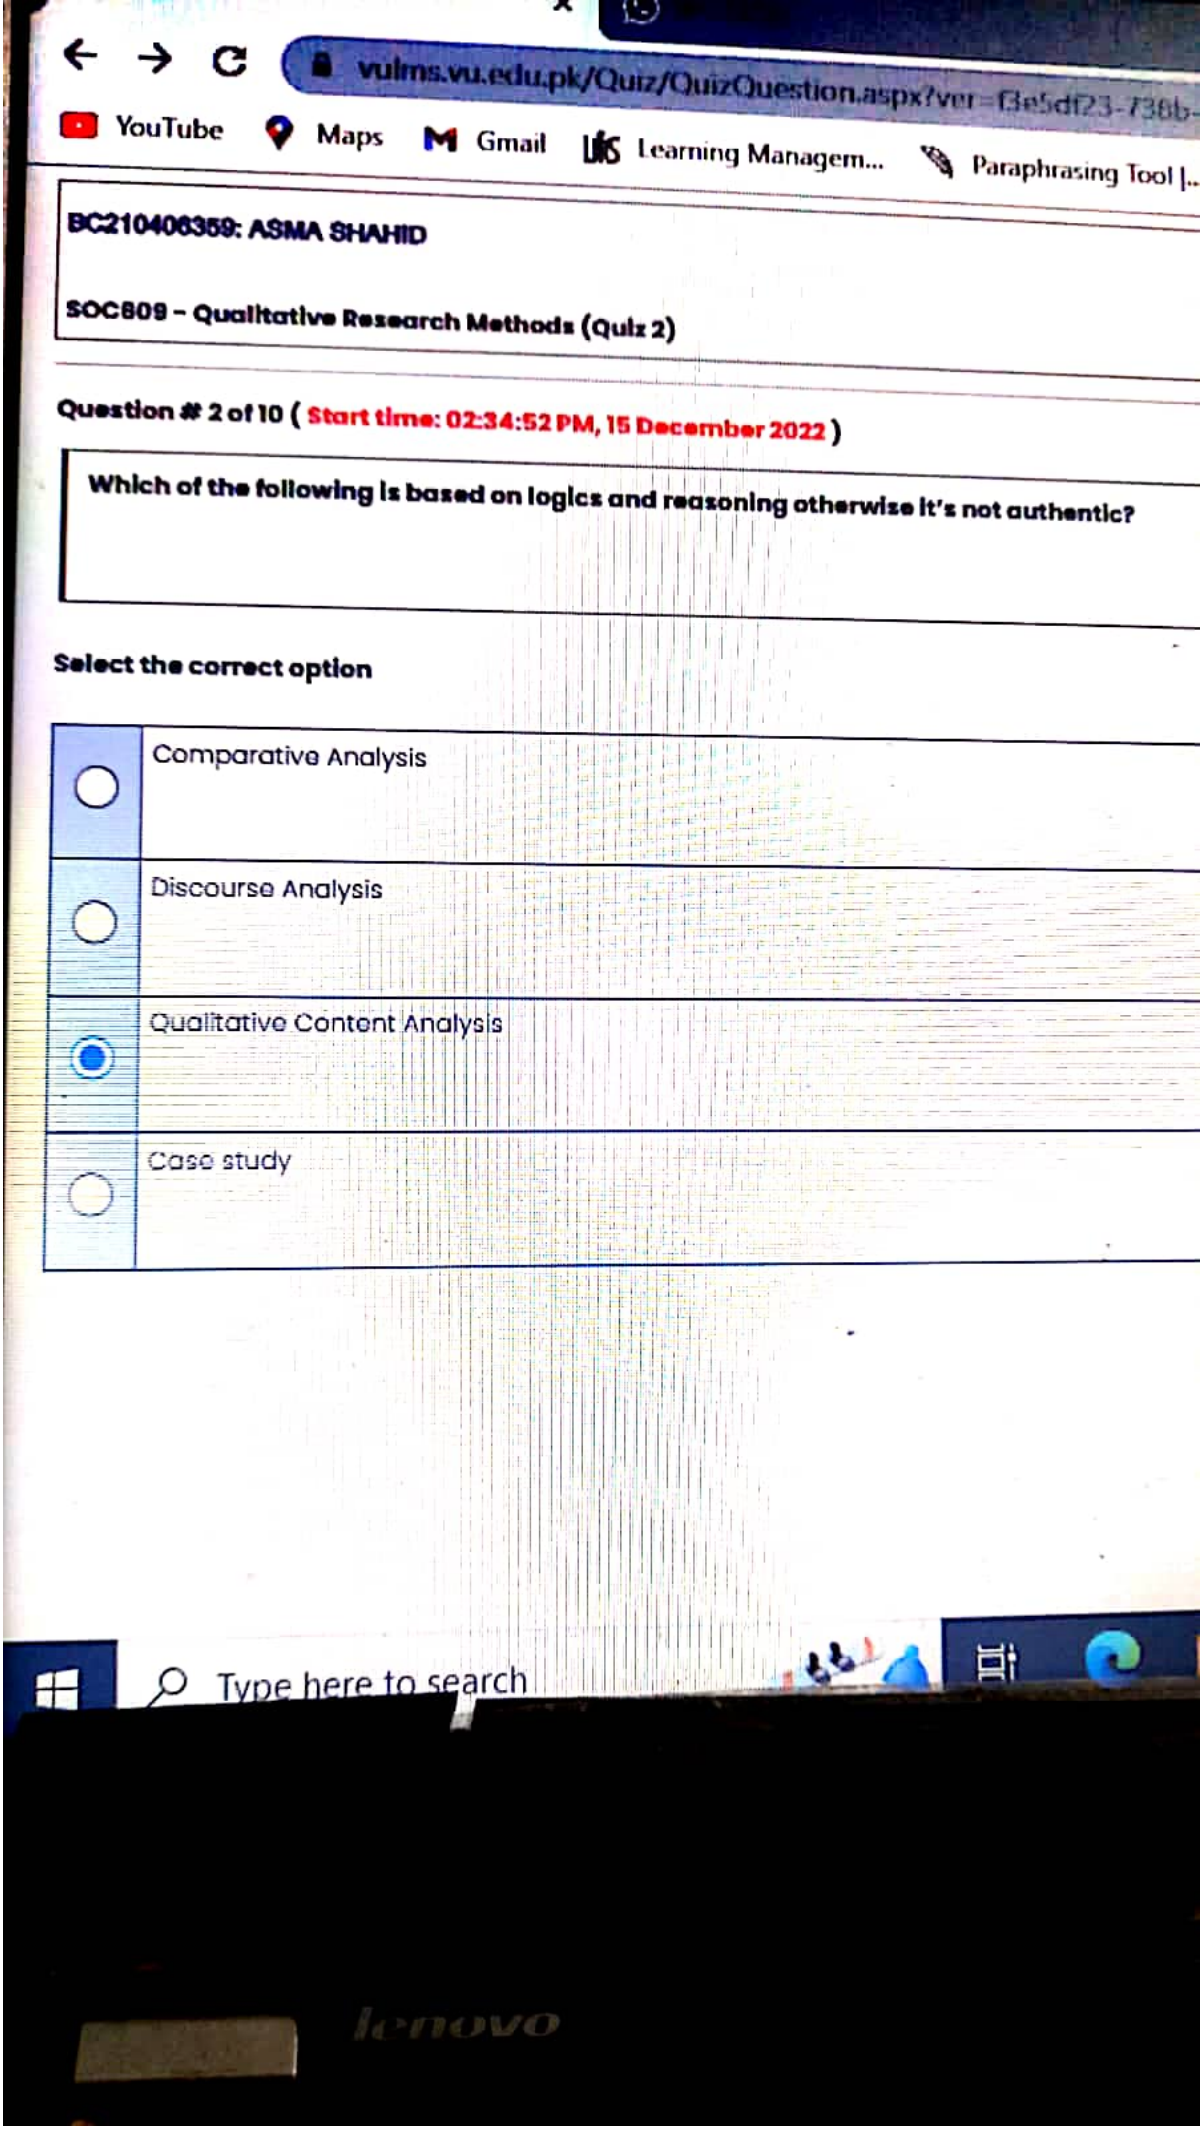

Quiz Result: 5 out of 5

Assessment Attempt Detail

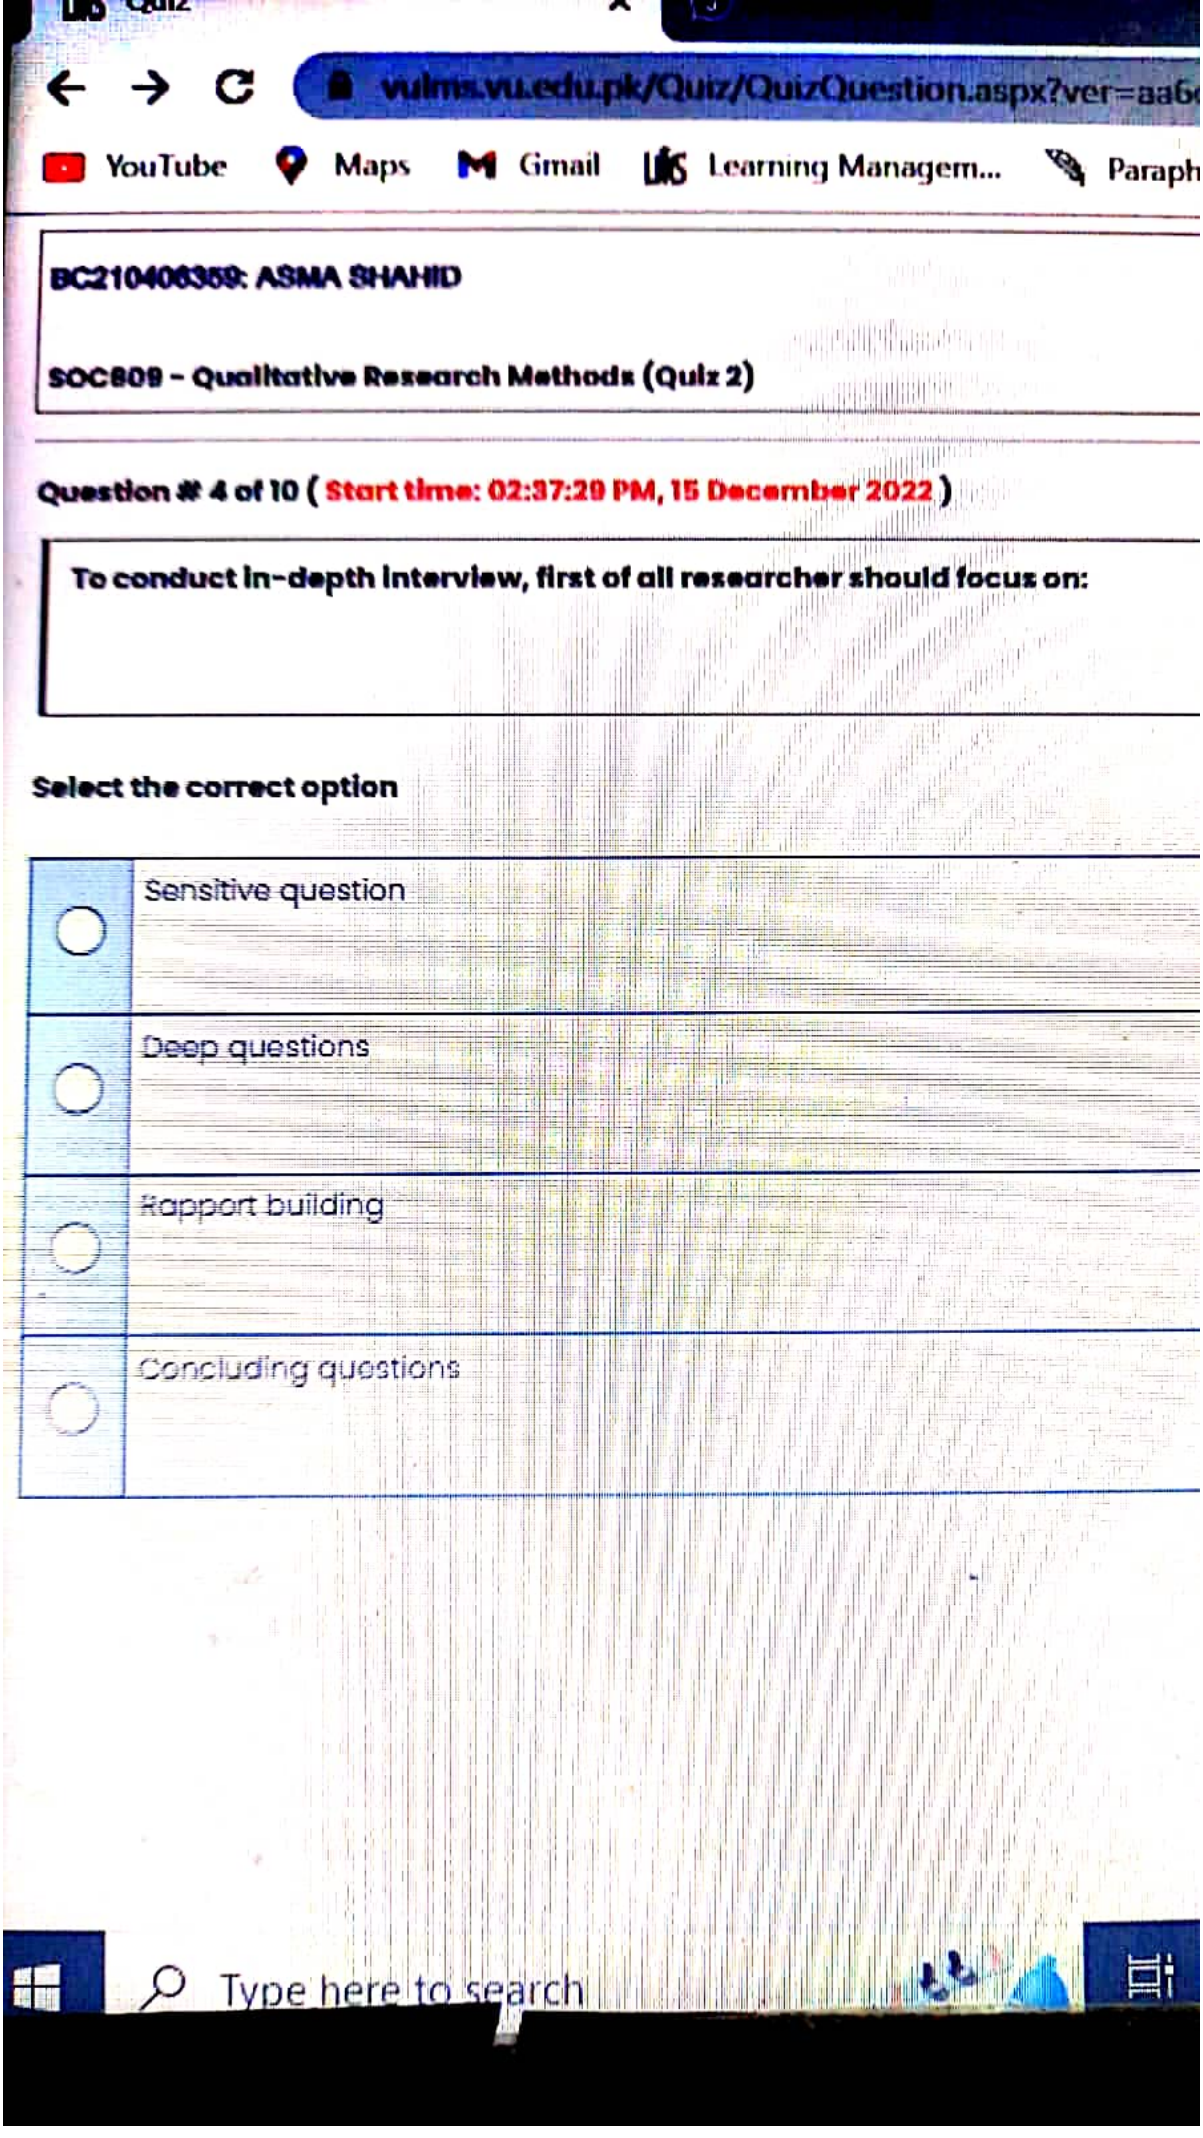

Question	Result
During the process of literature review, to take measures for data safety is considered as time wastage.	✔ - Correct
Data safety is very important; mostly students waste their labor due to negligence.	✔ - Correct
While notes taking of literature review, reference file with complete information (Author, year, publisher, place of publication, pages, editor) should be maintained.	✔ - Correct
When focus of researcher is to write central ideas, arguments, its linkage and sequence, he/she is preparing:	✔ - Correct
Reader wants short cuts so researcher needs to provide data in comprehensive form. For this matrix is best option.	✔ - Correct
