My paper cs310 25-8-2016

MCqs 35 out of 40 were very easy.

I,ve prepared Week 7 to 11 and 85-90% paper was from it .

just watch the lecture each is maximum 20 min long and very easy to learn. just give it maximum of 3-4 hours of continuous study and you will get 70-80% marks easily.

1 question was from cookies 5 marks

some mcqs and 2 questions were from how to include date in

php. 2 marks

how to check cookie is enabled or not 2 marks

Almost paper of 20 marks (including mcqs) was from week 9

php filter introduction.
