

Question # 1 of 10 (Start time: 11:11:36 AM, 11 July 2023)

Confirmed by Barbie

Behavioural records need to be made:

Select the correct option

|                                  |                                    |  |
|----------------------------------|------------------------------------|--|
| <input checked="" type="radio"/> | formatively as well as summatively |  |
| <input type="radio"/>            | formatively but not summatively    |  |
| <input type="radio"/>            | summatively only                   |  |
| <input type="radio"/>            | formatively only                   |  |

records

enchmarking can be done for:

- Communication with teacher
- Communication with peers
- Interpersonal relationships
- Material safety
- Following rules

**pic: 147 - Record of academic and behavioral progress**

- Behavioral progression records need to be maintained like academic records.
- Behavioral records need to be made formatively as well as summatively.

Question # 2 of 10 ( Start time: 11:12:07 AM, 11 July 2023 )

Making one copy of handouts for each group lead to student:

Select the correct option

|                                  |             |
|----------------------------------|-------------|
| <input type="radio"/>            | friendship  |
| <input checked="" type="radio"/> | cooperation |
| <input type="radio"/>            | competition |
| <input type="radio"/>            | fight       |

one copy

classmates.

**3. Making groups:**

- Set up groups in advance and have them stay together for several class periods.
- Assign roles to group members so that everyone in the group feels involved in some way.
- For each activity, roles should rotate among group members, with different students acting as the facilitator, secretary, recorder, time keeper and so on.

**Topic: 137 - Using pair and group work-2:**

- **Using Handouts:** Make **one copy** of handouts per group or pair of students. This obliges students to share and to work together, and fewer copies are needed.
- **Instructions:** Give instructions clearly and carefully, and check comprehension before the pair or group work begins.

## EDU305 - Classroom Management (Quiz No. 3)

Question # 3 of 10 (Start time: 11:12:47 AM, 11 July 2023)

When teachers introduce pair and group work for the first time, they should plan:

Select the correct option

|                                  |                                           |
|----------------------------------|-------------------------------------------|
| <input type="radio"/>            | complex activities for long periods       |
| <input checked="" type="radio"/> | simple activities for very short periods  |
| <input type="radio"/>            | complex activities for very short periods |
| <input type="radio"/>            | simple activities for longer periods      |

pair and grou

**1. Variety of activities:**

- Plan a variety of activities that appeal to students with different learning styles and interests.
- This will usually keep the attention of the majority of students.

**2. Establish routines:**

- Starting the class with class agenda on the board can help students to focus and prepare for the day's class.
- Set up signals that the students understand-for quiet, for silence, and so on—using hand signals, a bell, or some other method.

**Topic: 136 - Using pair and group work-1:**

- When you introduce pair and group work for the first time, plan simple activities for very short periods.
- Have students work with those next to them, or immediately behind them.
- Seats can be changed weekly or monthly in order to allow students to work with different classmates.

**3. Making groups:**

- Set up groups in advance and have them stay together for several class periods.
- Assign roles to group members so that everyone in the group feels involved in some way.
- For each activity, roles should rotate among group members, with different students acting as the facilitator, secretary, recorder, time keeper and so on.

Question # 4 of 10 ( Start time: 11:13:50 AM, 11 July 2023 )

Praise develops:

Select the correct option

|                                  |                                        |
|----------------------------------|----------------------------------------|
| <input checked="" type="radio"/> | efficacy and builds confidence         |
| <input type="radio"/>            | builds confidence but not efficacy     |
| <input type="radio"/>            | efficacy but does not build confidence |
| <input type="radio"/>            | neither efficacy nor confidence        |

praise deve

**Topic: 157 - Teacher's enthusiasm**

Teacher enthusiasm positively affects student behavior and improves student achievement

1. Move around the class
2. Tone the voice
3. Share and articulate interest in the subject

**Topic: 158 - Acknowledge students**

1. Praise develops efficacy and build confidence
2. Appreciating student work is a powerful tool to make them stay focused
3. It decreases 'learned helplessness' where students experience failure so often that to expect that they will be unsuccessful no matter what effort is exerted

**Topic: 159 - Student accountability**

- Once due dates and requirements are clearly established, the teacher holds students dates and requirements giving reasonable reminders all the way.
- When students feel the responsibility to be accountable for their work there is more seriousness in the classroom, hence less management issues.

Question # 5 of 10 ( Start time: 11:14:18 AM, 11 July 2023 )

Affective objectives shown in the curriculum should:

Select the correct option

- ☐ sometimes be assessed
- ☐ should be assed very often ✓
- ☒ always be assessed
- ☐ not be assessed at all

affective objective

- d) Do not shout
- e) Do not snatch or spoil the material
- f) Take turns before speaking
- g) Acknowledge and appreciate others

**Topic: 161 - Cognitive-affective curriculum**

1. Make the curriculum cognitive-affective
2. Embed affective objectives in the curriculum
3. Spread the affective objectives evenly throughout the curriculum
4. Assess students on affective elements of the curriculum as well

**Topic: 162 - Affective objectives in lesson plans**

1. Behavior modification happens over time
2. Drastic changes in behaviors are not long lasting
3. Integrate affective objectives in the lessons
4. Make students and other stakeholders realize that they are as important as cognitive objectives
5. Continuous integration will lead to behavior modification

Question # 8 of 10 ( Start time: 11:16:56 AM, 11 July 2023 )

In order to establish caring classrooms it is important to frame rules that are:

Select the correct option

|                                  |                                 |
|----------------------------------|---------------------------------|
| <input checked="" type="radio"/> | socially-emotionally driven     |
| <input type="radio"/>            | very strict in nature           |
| <input type="radio"/>            | not socially-emotionally driven |
| <input type="radio"/>            | not very strict in nature       |

frame rules

to expect that they will be unsuccessful no matter what effort is exerted

**Topic: 159 - Student accountability**

- Once due dates and requirements are clearly established, the teacher holds students to those dates and requirements giving reasonable reminders all the way.
- When students feel the responsibility to be accountable for their work there is more seriousness in the classroom, hence less management issues.

**Topic: 160 - Affective rules**

In order to establish caring classroom, it is important to **frame rules** that are socially-emotionally driven.

**Examples**

- Be emotionally supportive
- Be helpful to peers
- Be respectful

Question # 9 of 10 ( Start time: 11:17:26 AM, 11 July 2023 )

Which of the following have a negative effect on self-efficacy?

Select the correct option

|                                  |                  |
|----------------------------------|------------------|
| <input type="radio"/>            | Self behavior    |
| <input type="radio"/>            | Over Thinking    |
| <input checked="" type="radio"/> | Stress           |
| <input type="radio"/>            | Self-observation |

Click to Save An

negative effect

**Topic: 154 - Development of self-efficacy 2****Verbal persuasion**

1. Beliefs about self are influenced by the message conveyed by others. Encouragement supports self-efficacy, criticism hampers it.
2. Family, teachers and friends all play a significant role in verbal persuasion about appropriate behaviors.

**Physical/Affective Status**

1. Stress and anxiety have a negative effect on self-efficacy as well as learning.
2. "The brain learns optimally when appropriately challenged but downshifts under perceived threats".
3. It functions best in a supportive environment.

**Topic: 155 - Development of caring attitudes**

1. Show and prove that you care.
2. It is good to say "thank you" and "please" when we talk to students.
3. We should model reflective listening- never interrupt them while they are speaking.

## EDU305 - Classroom Management (Quiz No. 3)

Question # 10 of 10 ( Start time: 11:17:48 AM, 11 July 2023 )

When Behavior modification happens?

Select the correct option

|                                  |           |

## EDU305 – Classroom Management (Quiz No. 3)

Question # 1 of 10 ( Start time: 11:31:55 AM, 11 July 2023 )

Important components of classroom behaviour are being :

Select the correct option

- |                       |                                                        |
|-----------------------|--------------------------------------------------------|
| <input type="radio"/> | a good team player and a good debater                  |
| <input type="radio"/> | an attentive listener but not a good team player       |
| <input type="radio"/> | an attentive listener and a skilful academic performer |
| <input type="radio"/> | an attentive listener and a good team player           |

listener

Topic-066

## 1. Communication skills:

Communication can be verbal and non-verbal and just as in everyday life, poor communication cause unnecessary problems. Good communication skills and being a good listener, as well as a good speaker, can help in preventing problems in the classroom. When students feel that they are welcomed into a nonthreatening environment where learning is encouraged, they usually come ready, willing, and able to learn.

37

**Reprimand. Students**

If you must reprimand students, use a normal tone of voice, look at the student, do not use gestures such as pointing your finger, and do not insist on the last word.

vulms.vu.edu.pk

Question # 4 of 10 ( Start time: 11:35:37 AM, 11 July 2023 )

Which of the following is facilitated by a person's beliefs about his ability to achieve certain tasks successfully

Select the correct option

|                                  |                   |
|----------------------------------|-------------------|
| <input type="radio"/>            | Empathy           |
| <input type="radio"/>            | Power             |

Click to Save Answer

achieve certain

Empathy is extending help to students and showing concern towards them. Teachers should try their best to put themselves in their students' shoes and solve problems.

#### - Efficacy

Self-efficacy is facilitated by a person's beliefs and expectations about his/her ability to achieve certain tasks successfully or demonstrate certain behaviors.

83

#### Caring and Efficacy

- Both qualities affect students' sense of motivation, achievement and value.
- They enhance academic performance and student behavior.

## EDU305 - Classroom Management (Quiz No. 3)

Question # 9 of 10 ( Start time: 11:39:44 AM, 11 July 2023 )

Teachers should be available to students before and after class to:

Select the correct option

|                       |                                                      |
|-----------------------|------------------------------------------------------|
| <input type="radio"/> | advise them to behave well                           |
| <input type="radio"/> | advise them to concentrate on academic matters alone |
| <input type="radio"/> | guide them on their weaknesses                       |
| <input type="radio"/> | build personal relationships with them               |

before and after

3. It builds a collaborative atmosphere in the classroom.

**Topic: 144 - Motivating students 4****Teacher availability**

As much as possible be available to students **before and after** class to establish personal relationships, so that they feel that they are individuals in the eyes of teacher.

**Activity goals**

1. Make students aware of the goals of each learning activity.
2. If they understand why they are doing the activity, they will participate more willingly.

Question # 1 of 10 ( **Start time: 11:47:25 AM, 11 July 2023** )

When Behavior modification happens?

Select the correct option

|                       |           |
|-----------------------|-----------|
| <input type="radio"/> | In time   |
| <input type="radio"/> | Off time  |
| <input type="radio"/> | Over time |
| <input type="radio"/> | On time   |

## Question # 2 of 10 ( Start time: 11:47:55 AM, 11 July 2023 )

Teachers should give responsibility to advance learners by making them:

Select the correct option

☐

victims of bullyism

☐

bullies

☐

teaching assistants

☐

quieter in class

EDU305 – Classroom Management (Quiz No. 3)

Question # 3 of 10 ( Start time: 11:48:26 AM, 11 July 2023 )

Which of the following influence students' achievement?

Select the correct option

|                       |                      |
|-----------------------|----------------------|
| <input type="radio"/> | Peer's expectations  |

## EDU305 – Classroom Management (Quiz No. 3)

Question # 7 of 10 ( Start time: 01:48:04 PM, 11 July 2023 )

Which of the following serve as barriers for student academic and social development

Select the correct option

|                       |                                                                                             |
|-----------------------|---------------------------------------------------------------------------------------------|
| <input type="radio"/> | Potency                                                                                     |
| <input type="radio"/> | Value                                                                                       |
| <input type="radio"/> | Empathy                                                                                     |
| <input type="radio"/> | Efficacy  |

barrier

**Topic: 152 - Self- Efficacy and Learning**

When individuals have low self-efficacy expectations regarding their behavior, they limit the extent to which they participate in an endeavor and are more apt to give up at the first sign of difficulty.

- 1) Students' efficacy and beliefs serve as barriers to their academic and social development.
- 2) The kind of academic and social experiences students get in schools have a profound effect on whether some behaviors will be continued or not.

**Topic: 153 - Development of Self-Efficacy-1****Performance accomplishments**

## EDU305 – Classroom Management (Quiz No. 3)

Question # 9 of 10 ( Start time: 01:49:38 PM, 11 July 2023 )

Which of the following is extending help to students and showing concern towards them?

Select the correct option

|                       |             |
|-----------------------|-------------|
| <input type="radio"/> | Sensibility |
| <input type="radio"/> | Empathy     |
| <input type="radio"/> | Efficacy    |
| <input type="radio"/> | Awareness   |

extending

## ESTABLISHING CARING CONNECTIONS - 1

Topic: 151 - Qualities that influence student success

- Empathy

Empathy is **extending** help to students and showing concern towards them. Teachers should try their best to put themselves in their students' shoes and solve problems.

- Efficacy

Self-efficacy is facilitated by a person's beliefs and expectations about his/her ability to achieve certain tasks successfully or demonstrate certain behaviors.

## EDU305 - Classroom Management (Quiz No. 3)

Question # 1 of 10 ( Start time: 02:05:27 PM, 11 July 2023 )

Bringing real objects in class can generate:

Select the correct option

|                                  |                           |
|----------------------------------|---------------------------|
| <input checked="" type="radio"/> | interest among students   |
| <input type="radio"/>            | aggression among students |
| <input type="radio"/>            | boredom among students    |
| <input type="radio"/>            | bullying among students   |

## Lesson 24

## TEACHING WITH LIMITED RESOURCES &amp; MOTIVATING STUDENTS

Topic: 139 - Teaching with Limited Resources 2**Bring Real Objects**

1. Bring regalia- actual objects that language learners can see, hear and touch- into the classroom.
2. A teacher can generate a great deal of interest when he or she pulls surprising thing out of the bag!

77

**Use Pictures**

1. Use pictures from magazines, or learn to draw simple pictures to illustrate vocabulary or to generate interest in reading, speaking or writing activities.

**Use what the students say as input**

Use what the students themselves say as input

**Example**

## EDU305 - Classroom Management (Quiz No. 3)

Question # 8 of 10 ( Start time: 02:11:18 PM, 11 July 2023 )

Benchmarking is used to record performance by using:

Select the correct option

|                       |                                     |
|-----------------------|-------------------------------------|
| <input type="radio"/> | both specific and general indicator |
| <input type="radio"/> | a specific indicator                |
| <input type="radio"/> | no indicator                        |
| <input type="radio"/> | a general indicator                 |

benchmark

Topic: 146 - Setting benchmarks for behavioral expectations**Benchmarks**

1. Benchmarking is used to record performance by using a specific indicator.
2. Benchmarks are specific points of reference connected to levels of performance against which students are monitored.

80

**Development of Benchmarks**

Benchmarking can be done for:

- a) Communication with teacher

Question # 2 of 10 ( start time: 02:27:14 PM, 11 July 202

Affective objectives shown in the curriculum should:

Select the correct option

|                                  |                            |
|----------------------------------|----------------------------|
