Question # 4 of 10 (Start time: 09:21:56 PM, 31 December 2024)

Total Marks: 1

In an oligopolistic market, firms are interdependent. What does this mean?

Select the correct option

[Reload Math Equations](#)☐ Firms are not affected by each other's actions.☐ Firms cooperate without competition.☐ Firms merge to form a monopoly.☒ Firms consider and react to competitors' decisions.

Question # 5 of 10 (Start time: 09:22:28 PM, 31 December 2024)

Total Marks: 1

Suppose the consumption function is $C = 1000 + 0.75Y$. If $Y = 100$, then the amount of consumption is:

Select the correct option

☐	1750.
☐	1500.
☐	1100.
☒	1075.
